RE: Sanitary Service Company, Inc. G-14, Tariff 9 – Item 230 pass-through disposal fees and rates for WUTC commercial garbage collection services.

Dear Secretary Killip:

Enclosed are revised pages to Solid Waste Tariff No. 9 for Sanitary Service Company, Inc.

The proposed revised tariff pages contain increases due to a reduction in disposal fees for Item 230 pass-through fees and disposal fee components only, for WUTC commercial garbage collection services. The requested rate change is a result of the decrease in the Ferndale Solid Waste Utility tax at Republic Services Transfer Station. The Ferndale Unified Fee Schedule is included with this filing.

SSC is only requesting revisions to its tariff rates for the change in disposal fee component decreases. This filing does not ask for any changes to the service component of customers' rates for the company's performance of solid waste collection services.

Commercial customer revenue resulting from the tax change at the third-party disposal site would decrease by approximately \$11,000 and the proposed rates would go down between 0.05% and 0.19%. There is no impact to pass through disposal fee customers for the Item 230 pass-through decrease, as we do not currently haul pass through tonnage to Republic Services.

The effective date of these proposed tariff revisions is March 1, 2024. Sanitary Service Company, Inc. requests approval of this filing under WAC 480-70-262 (s) Tariffs requiring seven-day notice to the commission.

Work papers showing the calculation of the disposal fee decrease are enclosed.

Please feel free to call me at (360) 527-9783 if you have any questions about this filing.

Sincerely,

Sara Campbell, Controller
