Dear Judge Doyle:

I just received a courtesy phone call from Kathryn McPherson informing me I should direct the following emailed-request (which I had sent to Kathryn earlier this morning) directly to you.

Respectfully, I hereby request an emergency reschedule of the Special Proceeding "Matter of Determining the Proper Carrier Classification of and Complaint for Penalties against Cascade Recycling, Inc." Docket TG-210102.

Please understand this past Monday (8/23/21) afternoon I underwent what was to be a fairly routine eye surgery for cataract removal/lense replacement.

On Tuesday (8/24/21) afternoon, the post-operative bandages were removed and I could not see out of my right eye: The ophthalmologist-surgeon (Dr. Roger Anderson) determined the lazer had cut excessively into the retina & destroyed the lense.

Dr. Anderson immediately referred to a vitreoretinal specialist (Dr. Himanshu Banda) for further testing. Yesterday afternoon Dr. Banda scheduled an emergency repair surgery for his next available time on 8/31/21.

This five hour repair surgery is extensive and will require an approximate week to recover, during which I am to limit activity to bed rest or risk permanent loss of sight from my right eye.

In seeking a suitable upcoming date to reschedule, it is important to inform you I currently have two succesive right leg surgeries scheduled on 9/20/21 & 9/27/21 with Dr. Jeffrey Freidrich @ Harborview Medical Center.

Kathryn had suggested I include several suitable dates for rescheduling. In checking with my attorney, Mike Johns, he requested any date after October 4, 2021, which certainly should allow me plenty time to heal.

Judge Doyle, please know I sincerely apologize for this request. In my absence, attorney Mike Johns (mike@rjh-legal.com or 253-858-2606) is available to answer any questions you may have.

Sincerely,

Daniel J.Dolmseth, Owner
