Re: *Washington Utilities and Transportation Commission v. Four Seasons Moving & Storage LLC*
Amended Staff Evaluation of Safety Management Plan in Docket TV-220338

Dear Judge Kopta,

On June 21, 2022, Commission staff (Staff) filed its evaluation of Four Seasons Moving & Storage LLC's (Four Seasons or Company) safety management plan in Docket TV-220338.

On June 22, 2022, Staff was alerted to an error within the evaluation, which noted that Staff had completed a routine safety investigation and notified Four Seasons of a proposed unsatisfactory safety rating on March 2, 2022. The correct date that Staff completed the investigation and notified the Company of its proposed safety rating was May 11, 2022.

Additionally, Staff identified that the evaluation did not include a reference to a \$200 penalty for two violations of 395.8(e) associated with the penalty assessment in the same docket.

To correct these matters, Staff has filed an amended evaluation of Four Seasons' safety management plan to the docket along with this letter and has notified the Company of these changes.
