Re: UG-230819 – Washington Climate Commitment Act (“CCA”) Cost Recovery Mechanism – Work Paper and Amended Tariff Sheet – DO NOT REDOCKET

Northwest Natural Gas Company, dba NW Natural (“NW Natural” or “Company”), files herewith the attached work paper and amended tariff sheet 308.2 in support of its proposed Schedule 308, Washington Climate Commitment Act Recovery Mechanism, stated to become effective January 1, 2024.

NW Natural notes that portions of the work paper are redacted per WAC 173-446-317. This regulation prohibits, among other things, NW Natural from “disclosing any bidding information,” including bidding strategy, bid price, and bid quantity.

The enclosed amended tariff sheet for Schedule 308, Sheet 308.2 includes a correction to add missing rows from the CCA Revenues credit adjustments table. The previously provided sheet, 308.2, inadvertently omitted the revenue credits for Schedule 42 Industrial and Special Contract customers. The tariff included in this filing correctly captures all rate schedules and their respective CCA revenue credits. All other proposed tariff sheets previously filed in this docket on November 16, 2023, remain unchanged. Please note that NW Natural will make a compliance filing to provide updated tariff sheets for Schedules 1-3 and 27-43 to reflect approved Schedule 308 rates after the Commission’s determination on these rates.

In accordance with WAC 480-90-193, copies of this letter and the attached filing are available in the Company’s main office in Portland, Oregon, and on its website at www.nwnatural.com.

As requested by WAC 480-80-103(4)(a), I certify that I have authority to issue tariff revisions on behalf of NW Natural.

Please address correspondence on this matter to me with copies to the following:
