Re: Dockets UE-220066

UG-220067

Electric and Natural Gas Rate
Increasing.

Please do not allow these rate
increases. I can barely make ends
meet as it is.

These increases benefit stock & bond
holders not the average person like me.

Other companies must budget for new
equipment. Instead, PSE & Cascade Natural
Gas just increase rates to pay for projects.

It was 7° last winter at night. Electricity
& gas is a must for survival here in my
town.

Thank you for your consideration to not
allow these ~~increased~~ increases
