Subject: Re: PSE Future Services Survey

[EXTERNAL]

We are no longer a business customer but did get the insert talking about the huge increase we are having next year! With prices of everything sky rocketing, it seems a 12.98% increase in rates for 2023 is way too much for people to absorb! I know everything has gone up but this seems really crazy to us. Please reconsider! We are seniors now and live on a mostly fixed income. We seem to be already spending about \$500 more a month now on gasoline, propane and groceries, and pretty much everything!

Sincerely,

Richard and Gloria Bonacci

Subject: PSE Future Services Survey

Puget Sound Energy is reaching out to sample of our business customers to find out what they want from their utility over the next 5-10 years. We hope you'll take a few minutes to complete this short survey and give us your input. We will use your feedback to improve how we serve our customers.
