---

Dear Sir / Madam,

This is a comment on PSE's 2017 Integrated Resource Plan, Docket numbers UE-160918 and UG-160919

We need to stop building infrastructure to support and maintain carbon-based forms of fuels that are not sustainable and damage our environment. We need to protect our planet and generate energy using techniques that are healthy for our planet - and us.  
Thank you,

Holly Brewer
