**Attachment 17– Description and Pricing of Services for
2007 Transparent LAN Service (TLS) Your Ethernet Solution (YES!) Promotion**

This Attachment 17 **Description and Pricing of Services for 2007 Transparent LAN Service (TLS) Your Ethernet Solution (YES!) Promotion (Product Schedule)** is entered into as of the date of last signature by a Party (the **Product Schedule Effective Date**) by and among Verizon Business Network Services, Inc. (“VBNS”), on behalf of Verizon Global Networks Inc. and the former MCI Affiliates identified on Attachment 1.1 to the Agreement (defined below), Bell Atlantic Communications, Inc. d/b/a Verizon Long Distance (“VLD”), NYNEX Long Distance Company d/b/a Verizon Enterprise Solutions (“VES”), and Verizon Select Services Inc. (“VSSI”), (VBNS, VLD, VES, and VSSI are hereinafter referred to collectively as “Customer”) and Verizon Services Corp. on behalf of the Verizon operating telephone companies set forth on the signature page to this Product Schedule (individually and collectively, **Verizon**). This Product Schedule is an amendment and restatement of a Product Schedule attached to that certain Master Services Agreement (**Agreement**), dated as of March 8, 2007, by and among the Parties, and made a part thereof, as of the Effective Date. All capitalized terms not otherwise defined in this Product Schedule, Product Guide, or in the Agreement shall have the meanings set forth in Verizon’s Tariffs FCC Nos. 1 and 20 (individually, **Tariff**, and collectively, **Tariffs**), as applicable.

1. Service Description

- 1.1 **General Description:** Verizon’s Transparent LAN Service (the **Service** or **TLS**) is a high speed data service which provides Ethernet transport over a shared network and transports the Customer’s data between Customer designated Premises within a LATA and within the New York – New Jersey Corridor. A full description of the Service is set forth in the Product Guide (defined below).
- 1.2 **Product Guide for the Service:** To the extent not inconsistent with the provisions of this Product Schedule or the Agreement, the complete description of the Service and all terms and conditions for the Service are contained in the “**TLS Product Guide (Product Guide - TLSPG_v1_021407)**”, which is incorporated herein by reference and has been provided separately to Customer. The Product Guide contains a comprehensive description of the Service for use by Customer, including without limitation for the following reasons: (i) in connection with its initial review and analysis of the Service; (ii) in making a decision as to whether or not to enter into negotiations for the Service to satisfy its particular business needs; (iii) in maintaining its Service in the most advantageous manner; and (iv) in staying abreast of enhancements or other modifications to the Service.
- 1.3 **Changes to the Product Guide:** Subject in all respects to the terms and conditions of this Product Schedule and the Agreement, Verizon in its sole discretion shall have the right to change terms set forth in the Product Guide. In accordance with Section 25 (Notices) of the Agreement, Verizon shall provide notice of any change to the Product Guide, and such changed Product Guide shall be the Product Guide as defined herein, and such changed Product Guide shall apply to all existing and new Services, as applicable, provided to Customer pursuant to the Agreement and this Product Schedule from the date of such change to the Product Guide.

If Verizon makes significant and material changes to the Product Guide without the agreement of Customer and, as a direct result of such changes, Customer’s ability to

obtain the Services covered by this Attachment 6 are significantly and materially affected, Customer will be permitted to cancel the Services affected by the changes.

2. 2007 TLS YES! Promotion Eligibility Requirements

In order to receive the rates set forth in this TLS YES! Promotion Product Schedule, Customer must meet the promotional requirements as defined below. This promotion may not be combined with any other discount offering.

2.1 New Orders: A **New Order** is an order placed by the Customer for new TLS pursuant to this Product Schedule that complies with the requirements of this Section 2.1 and Section 3.2 hereof. A New Order cannot be Existing TLS (as defined in this Section 2.1) that was disconnected prior to the end of its commitment period. **Existing TLS** is TLS ordered by Customer and provided by Verizon to the Customer pursuant to the Tariffs or another Attachment to the Agreement.

2.2 Upgrade Order: An **Upgrade Order** is an order placed by the Customer for new TLS pursuant to this Product Schedule that complies with the requirements of this Section 2.2 and Section 3.2 hereof:

- (a) The upgraded TLS (**Upgraded TLS**) must be of a greater capacity and in the exact same location as the existing TLS it replaces. As an illustrative example, assume that Customer seeks to upgrade in the exact same location an existing UNI Port with Access Line Connection – 10 Mbps Service with a UNI Port with Access Line Connection – 100 Mbps or an existing UNI Port with Access Line Connection – 100 Mbps Service with a UNI Port with Access Line Connection – 1000 Mbps. In that case, Customer meets the requirements of this subsection 2.2(a); and
- (b) With the exception of EVCs ordered pursuant to this Product Schedule, the commitment period of the Upgraded TLS must be greater than the time remaining in the commitment period for the Existing TLS it replaces. In choosing its commitment period for the Upgraded TLS, Customer must choose from the available commitment periods offered by Verizon as set forth in Section 3.2 below. As an illustrative example, assume that Customer has an Existing TLS with a 5-year commitment period, with forty (40) months remaining in such commitment period. If Customer chooses to upgrade its Existing TLS in accordance with this Section 2.2, the Upgraded TLS can only have a 5-year commitment period since Verizon only offers 3-year or 5-year commitment periods for Upgraded TLS under this TLS YES! Promotion, and only the 5-year commitment period (i.e., 60 months) is longer than the remaining commitment period of forty (40) months; and

2.3 All New Orders and Upgrade Orders for TLS must be placed by the Customer during the period beginning on the Product Schedule Effective date and ending on 11:59 PM on December 31, 2007 (**Ordering Period**). Any New Order or Upgrade Order for TLS placed by the Customer after the Ordering Period is not part of this Product Schedule and will be subject to any applicable terms and conditions set forth in the applicable document under which such TLS is ordered, including any applicable product schedule to the Agreement. Verizon will provision TLS under this Product Schedule after the end of the Ordering Period, so long as the order for TLS is placed during the Ordering Period.

- 2.4 In order to receive the rates, terms, and conditions set forth in the Product Schedule, when ordering TLS, Customer must place the contract number assigned to this Product Schedule in the designated field of the Access Service Request (ASR).
- 2.5 UNI Ports must be in a qualified TLS YES! Promotion Location.
- 2.6 In order for an EVC to qualify for the TLS YES! EVC rates, at least one end of the EVC must be assigned to a TLS YES! qualified UNI Port in a qualified TLS YES! Promotion Location.

- 3.2 Available Commitment Periods: When placing a New Order or Upgrade Order for UNI Port, Customer must select one of the following commitment periods: 3-year or 5-year. Such selected commitment period shall be an **Initial Commitment Period** for the applicable TLS. All New Orders or Upgrade Orders of TLS are subject to the terms of this Product Schedule, including without limitation, Section 2 hereof.
- 3.3 Extension of the Service: Upon completion of the Initial Commitment Period, and upon completion of every subsequent commitment period thereafter, the Customer must choose one of the following options to extend its commitment period. If Customer makes no election at the expiration of its Initial Commitment Period, or any subsequent commitment period, then Customer shall be deemed to have elected to extend the Service on a month-to-month basis, and the terms of Section (a) below shall apply.
- (a) Customer may elect to extend the Service on a month-to-month basis, until such time as it elects to select an alternative commitment period, in which case the terms of Section 3.3(b) shall apply. Customer shall continue to receive the rates associated with the expired commitment period. However, Verizon may elect to revert Customer to the TLS rates as set forth in Attachment 16 to the Agreement upon providing sixty (60) days written notice. If the Service is discontinued at any time that Customer's Service is provided on a month-to-month basis, Customer shall not be liable for any termination liability. Non recurring charges (NRCs) are not assessed when the Service is extended.

As an illustrative example, assume that Customer placed a New Order for the Service and selected a 3-year commitment period. At the end of such 3-year Initial Commitment Period, assume further that Customer elected to extend its Service on a month-to-month basis. Then, Customer shall continue to receive the

3-year rate set forth above hereto so long as Customer continues on a month-to-month commitment period.

- (b) Customer may elect to extend the Service by subscribing to a new 3-year or 5-year commitment period and shall receive the rates associated with the newly selected commitment period as set forth in this Product Schedule. If the Service is discontinued prior to the expiration of the applicable commitment period, then Customer shall be liable for termination liability as set forth below in section 3.4.

3.4 Term Liability: Cancellation of the Service purchased under this Product Schedule prior to the end of the Initial Commitment period or any subsequent commitment period will be subject to one hundred percent (100%) of the monthly recurring charges (MRC) for the first twelve (12) months, and twenty-five percent (25%) of the MRC for the remainder of the commitment period.

In confirmation of their consent and agreement to the terms and conditions contained in this Product Schedule and intending to be legally bound hereby, the Parties have executed this Product Schedule as of the Product Schedule Effective Date.
