As a local living here over ten years. We have only increased the summer tourist season the jolly Trolley was a wonderful addition to the transportation issues on our island. I'm pretty sure there is a need and enough riders to go around. There are already too many monopolies on the island. #stayjollytrolley. Mother and local, Gabrielle Scott

P.S. It doesn't hurt that it looks a lot like Daniel Tiger's trolley my girl loves to see it.
