Conservation Potential Assessment**

Dear Mr. King:

On April 7, 2017, Puget Sound Energy (“PSE”) filed a revised Petition (“Petition”) to extend the filing date of its 2017 Integrated Resource Plan (“IRP”) in the above-referenced dockets. The Commission granted PSE’s Petition in Order 01 issued April 13, 2017. In its Petition (page 3, paragraph No. 2), PSE committed to filing its conservation potential assessment by July 1, 2017. Attached is the full conservation potential assessment from Navigant Consulting for use in the 2017 IRP.

Please contact Phillip Popoff at 425-462-3229 with any questions pertaining to this document, or contact me with other questions or concerns at 425-456-2110.

Sincerely,
