

Memorandum

Jul. 8, 2019

To: File

From: Betty Young, Rail Safety Program Advisor

Subject: **TR-170087 – Skamania County**
Completion of Grade Crossing Protective Fund (GCPF) Project
Butler Road – USDOT 090135B

On Mar. 8, 2017, the Washington Utilities and Transportation Commission (UTC) awarded a GCPF grant totaling \$447,349 to Snohomish County (County) for a project related to upgrading active warning devices at the Butler Road crossing (USDOT 090135B). The actual cost of the project was \$406,059.70.

This crossing was identified in the 2014 Marine and Rail Oil Transportation Study as an under-protected crossing on an oil route and was funded through a \$1.1 million GCPF appropriation.

On Jul. 8, 2019, the County submitted a request for reimbursement. Rail Safety staff inspected the crossing on Jun. 13 and confirmed that the installation was completed according to the specifications outlined in the order approving the grant.
