RESPONSE TO RULEMAKING ON EMERGENCY INFORMATION
DOCKET NO. UT-031755
WAC 480-120-414**

OneStar Long Distance, Inc. ("OneStar") is certified to provide both local and long distance services in the state of Washington. However, it currently provides long distance service only in Washington and has no immediate plans to begin providing local service in Washington.

Additionally, OneStar provides service via resale. It does not utilize its own facilities to provision service at this time. Thus, in the case of an emergency or disaster, it would be OneStar's underlying carriers', WITel and MCI, facilities which would be affected.

Alternate: April Liley, Reports and Tariff Analyst
 Telephone: (812) 437-7642
 Facsimile: (812) 437-7988
