Re: Docket No. UE-050870 Compliance Filing - **Do Not Redocket – Filed Electronically**

Dear Ms. Washburn:

In accordance with the Commission’s Order No. 4 Approving And Adopting Settlement Agreement, Authorizing And Requiring Compliance Filing, And Granting Other Relief (the “Order”) in Docket No. UE-050870 the Company submits this compliance filing. As the Order did not reject the original filing, this compliance filing is in the form of a substitute tariff filing as provided in WAC 480-80-111.

Enclosed please find substitute tariff sheets to replace the tariff sheets filed on June 7, 2005. That filing was made under Advice No. 2005-32 and assigned Docket No. UE-050870.

The purpose of this filing is to provide substitute tariff sheets with a revised effective date of November 1, 2004, in accordance with the Order. There are no other changes in the tariff sheets other than the revised effective date. These substitute tariff sheets do not increase rates contained in the pending tariff sheets, therefore, substitution is allowed as provided in WAC 480-80-111(1)(b). Enclosed are work papers supporting the rates reflected on these tariff sheets.

The substitute tariff sheets are: WN U- 60, Tariff G - (Electric Tariff):

- Twenty Seventh Revision of Sheet No. 95 – Schedule 95 Power Cost Adjustment Clause
- Second Revision of Sheet No. 95-a - Power Cost Adjustment Clause (Continued)
- Third Revision of Sheet No. 95-b - Power Cost Adjustment Clause (Continued)
- Second Revision of Sheet No. 95-c - Power Cost Adjustment Clause (Continued)
- Second Revision of Sheet No. 95-d - Power Cost Adjustment Clause (Continued)
- Second Revision of Sheet No. 95-e - Power Cost Adjustment Clause (Continued)
- Original Sheet No. 95-f - Schedule 95A Production Tax Credit Rider
- Original Sheet No. 95-g - Production Tax Credit Rider (Continued)
- Original Sheet No. 95-h - Production Tax Credit Rider (Continued)
- Original Sheet No. 95-i - Production Tax Credit Rider (Continued)
- Original Sheet No. 95-j - Production Tax Credit Rider (Continued)
- Original Sheet No. 95-k - Production Tax Credit Rider (Continued)

October 21, 2005
Ms. Carole J. Washburn

The tariff sheets described herein reflect issue dates of June 7, 2005, and effective dates of November 1, 2005. In accordance with WAC 480-100-193(1), the Company will post the filed tariff sheets for public inspection and review on its website, and will also provide access via request by telephone or mail.

If you have any questions regarding this substitution please contact Lynn Logen at (425) 462-3872. If you have other questions I can be reached at (425) 456-2797.

Very truly yours,

*Rate applies to the schedule(s) as well as equivalent schedules such as Residential and Farm schedules.

BASIS:

The purpose of this schedule is to adjust rates, to the extent that power supply costs deviate from power supply costs assumed in present rate levels, as ordered in Docket No. UE-040641.

ADJUSTMENTS:

Rates in this schedule and those rates reflected in the schedules for electric service to which the surcharge in the Applicability section above applies, are subject to adjustment by such other schedules in this tariff as may apply.

GENERAL RULES AND PROVISIONS:

Service under this schedule is subject to the General Rules and Provisions contained in this tariff (Schedule 80) as they may be modified from time to time and other schedules of such tariff that may from time to time apply as they may be modified from time to time.

**SCHEDULE 95A
PRODUCTION TAX CREDIT TRACKER**

(N)

APPLICABILITY:

- 1. This Production Tax Credit Tracker rate shall be applicable to the electric energy delivered to Customers under any schedule contained in this tariff except those Customers served on Schedules 448 and 449. This Production Tax Credit Tracker rate shall be applicable to the electric energy delivered to Customers under any special contract unless specifically excluded by such special contract.
- 2. The rates in this schedule shall be adjusted so that the amount of the production tax credit that is available to the Company for generating electricity from wind is passed through to Customers, as such credit becomes available irrespective of when the Company applies for tax recovery of the credit amount.

PURPOSE:

- 1. To pass the benefits of the production tax credit to Customers as it is generated. The credit is available for a ten-year period and will expire on December 31, 2015. The Company may adjust the credit annually based on the differences between the credits provided to Customers and the credits actually earned due to wind generation, plus the estimated credits for the next year, less the interest associated with the deferred tax balance for the credits. If the difference is estimated to be greater than twenty five percent (25%), the Company may file to update the credit more often than annually.

ADJUSTMENT:

In addition to the rate specified in the otherwise applicable rate schedules:

MONTHLY RATE:

<u>SCHEDULE 7*</u>	Energy Charge:	(0.0675) cents per kWh
<u>SCHEDULE 24*</u>	Energy Charge:	(0.0650) cents per kWh
<u>SCHEDULE 25*</u>	Energy Charge:	(0.0650) cents per kWh
