

# **EXHIBIT A**

## **Cascade Natural Gas Corporation**

### **Rate Schedule 700 Services Under Consideration as of 11/2/2000**

#### **Design**

- ✓ Engineering services
- ✓ Site review and route selection
- ✓ Pipeline materials design and specification
- ✓ Flow studies
- ✓ DOT compliance designs
- ✓ Route surveying and mapping
- ✓ Pipeline drawing preparation
- ✓ Agency meetings in response to permitting or right-of-way acquisition
- ✓ Cathodic protection system design
- ✓ Economic feasibility studies

#### **Right-of-Way**

- ✓ Permit acquisition
- ✓ Title search and report preparation
- ✓ Right-of-way document preparation
- ✓ Mapping services
- ✓ Easement acquisition

#### **Reports**

- ✓ Regulatory report preparation
- ✓ Operation and maintenance plans
- ✓ Emergency plans
- ✓ Underground leak survey reports
- ✓ Odorization reports
- ✓ Cathodic protection reports

#### **Construction**

- ✓ Installation of underground piping systems
- ✓ Installation of cathodic protection systems
- ✓ Build intermediate pressure regulator systems
- ✓ Installation of intermediate pressure regulator systems
- ✓ Construction inspection services
- ✓ Installation of housepiping
- ✓ Piping relocation services
- ✓ Installation of sub-metering (customer owned)

## **Maintenance**

- ✓ Maintain cathodic protection systems by verifying all components are fully functional, checking for and replacing worn or damaged parts and upgrading facility if warranted.
- ✓ Rectifier monitoring
- ✓ Rectifier troubleshooting
- ✓ Taking cathodic protection reads
- ✓ Valve maintenance
- ✓ Leak survey
- ✓ Emergency pipe repair or replacement
- ✓ Odorization reads
- ✓ Regulator maintenance by verifying all components are fully functional, checking for and replacing worn or damaged parts and upgrading facility if warranted.
- ✓ Customer owned meter maintenance
- ✓ Customer owned telemetry maintenance
- ✓ Odorizer maintenance
- ✓ Maintenance of customer owned meters
- ✓ Coordinate and provide support for odorant fill

## **Special**

- ✓ Welding certification
- ✓ Welding inspection
- ✓ Utility locating and marking
- ✓ Underground piping inspection
- ✓ Investigations
- ✓ Training customers emergency response personnel
- ✓ Provide purchasing services for gas related materials
