

**Amendment for:  
Collocation Cancellation, Collocation Decommission, Collocation Transfer of  
Responsibility; and PDR Transfer of Responsibility  
to the Interconnection Agreement between  
Qwest Corporation and  
Open Access Communications, Inc.  
for the State of Washington**

This is an Amendment ("Amendment") for Collocation Cancellation to the Interconnection Agreement between Qwest Corporation ("Qwest"), a Colorado corporation, and Open Access Communications, Inc. ("CLEC"). CLEC and Qwest shall be known jointly as the "Parties".

**RECITALS**

WHEREAS, CLEC and Qwest entered into an Interconnection Agreement ("Agreement") for service in the state of Washington; and

WHEREAS, the Parties wish to amend the aforementioned Agreement by adding the terms and conditions contained herein; and

WHEREAS, the Agreement and this Amendment will be filed concurrently with the Washington Utilities and Transportation Commission ("Commission").

**AGREEMENT**

NOW THEREFORE, in consideration of the mutual terms, covenants and conditions contained in this Amendment and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Parties agree as follows:

**Amendment Terms**

The Agreement is hereby amended by adding the terms and conditions (and associated rates where applicable) for Collocation Cancellation; Collocation Decommission; Collocation Transfer of Responsibility; Collocation Decommission; and PDR Transfer of Responsibility as set forth in Attachments 1 through 4, and Exhibit A, attached hereto and incorporated herein.

**Effective Date**

This Amendment shall be deemed effective upon approval by the Commission; however, the Parties may agree to implement the provisions of this Amendment upon execution. To accommodate this need, CLEC must generate, if necessary, an updated Customer Questionnaire. In addition to the Questionnaire, all system updates will need to be completed by Qwest. CLEC will be notified when all system changes have been made. Actual order processing may begin once these requirements have been met.

**Amendment Waivers**

The provisions of this Agreement, including the provisions of this sentence, may not be amended, modified or supplemented, and waivers or consents to departures from the provisions of this Agreement may not be given without the written consent thereto by both Parties'

authorized representative. No waiver by any party of any default, misrepresentation, or breach of warranty or covenant hereunder, whether intentional or not, will be deemed to extend to any prior or subsequent default, misrepresentation, or breach of warranty or covenant hereunder or affect in any way any rights arising by virtue of any prior or subsequent such occurrence.

**Entire Agreement**

This Agreement (including the documents referred to herein) constitutes the full and entire understanding and agreement between the parties with regard to the subjects of this Agreement and supersedes any prior understandings, agreements, or representations by or between the parties, written or oral, to the extent they relate in any way to the subjects of this Agreement.

## ATTACHMENT 1

### COLLOCATION CANCELLATION

If terms and conditions for Collocation Cancellation are included in the CLEC Interconnection Agreement, and those terms differ from those set forth in this document, the terms of the Interconnection Agreement will prevail.

#### 1.0 Description

1.1 Cancellation is available for all Collocation sites under a particular Billing Authorization Number (BAN) for which the CLEC has NOT received notification of completion from Qwest. A Cancellation will only occur upon request by the canceling CLEC.

1.2 Cancellation is offered for Caged Physical, Cageless Physical, Virtual, and ICDF Collocation.

1.3 All other types of collocation to be cancelled will be handled on an Individual Case Basis (ICB) by contacting the appropriate Qwest Wholesale Collocation Project Manager.

1.4 A request for Cancellation is irrevocable once Qwest has accepted the application.

#### 2.0 Terms and Conditions

2.1 The canceling CLEC may only submit a Cancellation Application if a Collocation quote has been accepted and the initial payment has been paid. The collocation Cancellation may only be initiated if the Collocation job is in progress and not yet complete.

2.2 Qwest will stop work on a job in progress upon receipt and acceptance by Qwest of a valid Cancellation Application.

2.3 Based on when the Cancellation Application is received by Qwest, the completion status of the Collocation job and the determination of the amount paid to Qwest, the following will occur: Qwest will cancel the Collocation job in progress, conduct an inventory, and issue a final revised quote setting forth the amount due or the appropriate adjustments. The revised final quote will be issued within 30 calendar days of Qwest's acceptance of the Cancellation Application.

2.4 The Quote Preparation Fee (QPF) for the original Collocation Request must be paid, if the job is cancelled.

2.5 In the event Splitter Collocation with the BAN of the collocation site is to be canceled, such Splitter Collocation will be cancelled automatically pursuant to the submitted Cancellation Application.

2.6 In the event that CLEC has requested Direct CLEC-to-CLEC with the BAN of the collocation site to be cancelled, such Direct CLEC-to-CLEC will be cancelled automatically pursuant to the submitted Cancellation Application.

### **3.0 Rate Elements**

3.1 Pursuant to the standard terms of the Facility Cancellation Agreement, Qwest will not charge for the cancellation service except as specifically provided herein.

### **4.0 Ordering**

4.1 Cancellation requires submission of a "Cancellation, Decommission, and Change of Responsibility Application Form".

4.1.1 The Application form is located on the Qwest web site at: <http://www.qwest.com/wholesale/pact/collocation.html>.

4.1.2 The Application must be submitted to [colo@qwest.com](mailto:colo@qwest.com) and [rfsmet@qwest.com](mailto:rfsmet@qwest.com)

4.1.3 Qwest will follow its standard Cancellation order validation procedures, providing acknowledgment of acceptance or rejection within one business day of receipt of a valid and complete Application.

## **ATTACHMENT 2 COLLOCATION DECOMMISSION**

If terms and conditions for Collocation Decommissioning are included in the CLEC Interconnection Agreement, and those terms differ from those set forth in this document, then the terms of this Amendment will prevail.

### **1.0 Description**

1.1 Decommissioning refers to the deactivation of a Collocation site occupied by CLEC and removal of CLEC equipment there from.

1.2 Decommissioning is offered for Caged Physical, Cageless Physical, Virtual, and Interconnection Distribution Frame (ICDF) Collocation.

1.3 All other types of collocation to be decommissioned will be handled on an Individual Case Basis (ICB) by contacting the appropriate Qwest Wholesale Project Manager (WPM).

1.4 A request for Decommissioning is irrevocable once Qwest accepts the application.

### **2.0 Terms and Conditions**

2.1 A Collocation site will be considered eligible for decommissioning after the site is built-out and accepted by CLEC. See completion and account billing process in the Qwest Product Catalog (PCAT).

2.2 Qwest requests the vacating CLEC remove equipment prior to submitting a Decommissioning Request.

2.3 If CLEC does not remove equipment within thirty (30) calendar days from Qwest's acceptance of the Decommissioning Application, Qwest will send a notification stating the equipment is considered abandoned.

2.3.1 Upon receiving notification of abandonment from Qwest, CLEC will have fifteen (15) calendar days to notify Qwest that the equipment is not abandoned and remove equipment.

2.3.2 Qwest will review CLEC responses and assess if the equipment has been abandoned in Qwest's reasonable discretion. If CLEC does not remove the equipment in question and Qwest determines that the same has been abandoned, Qwest will send a final notification and bill for the labor charges associated with Qwest's removal of the abandoned equipment.

2.3.3 In the case of Virtual Collocation, Qwest will automatically remove all equipment within ninety (90) calendar days.

2.3.3.1 Qwest will negotiate with CLEC for the pick up of the equipment.

2.3.3.2 For Virtual Collocation, there will be no cost for the removal of CLEC equipment.

2.4 Prior to submitting a Decommissioning Request, financial obligations with respect to the collocation site to be decommissioned must be current, with the exception of formally disputed charges.

2.4.1 CLEC financial obligations include payment of 100% of all non-recurring quoted charges and all applicable monthly recurring charges that are more than thirty (30) days past due.

2.5 CLEC must disconnect all services from the Collocation site to be decommissioned prior to submitting the Decommissioning Request. Services to be disconnected by CLEC include, but are not limited to: Unbundled Network Elements (UNE), administrative lines, finished services, and line sharing services. Services will need to be disconnected via Access Service Request (ASR)/Local Service Request (LSR). If CLEC does not disconnect services, all charges with respect to such site will continue to accrue and the Decommissioning Application will be rejected.

2.6 Prior to disconnecting the circuits associated with the Collocation site CLEC must notify, in writing, all current End User Customers of the discontinuation of service.

2.7 CLEC must submit an e-mail notification attached to the Decommissioning Request representing to Qwest that all End User Customers have been properly notified. Failure to include such representation will result in the rejection of the Decommissioning Request.

2.8 Terms in the Interconnection Agreement with Qwest must contain finalized terms and conditions associated with the decommissioning of a collocation site.

2.9 When submitting a Decommissioning Request for a Collocation site that also has a Direct CLEC-to-CLEC arrangement:

2.9.1 Qwest requires that the Direct CLEC-to-CLEC Connection be disconnected at the same time that Qwest performs the decommissioning.

2.9.2 The CLEC submitting the Decommissioning Request must:

2.9.2.1 Submit a Letter of Authorization (LOA) signed by both the vacating CLEC and partnering CLEC that authorizes Qwest to disconnect the installed Direct CLEC-to-CLEC cabling.

2.9.2.2 If a copy of the required Letter of Authorization is not attached to the Decommissioning Request; the application will be rejected as incomplete.

2.10 CLEC will be eligible for a potential refund for all elements defined as either reusable or reimbursable at the time of decommissioning, if and when acquired by another CLEC. An inventory will be completed by Qwest and furnished to CLEC within ninety (90) calendar days of the Collocation Decommission Application acceptance identifying the reimbursable and re-useable elements and the potential credit.

2.10.1 Reimbursable Elements considered for a potential refund are, Digital Signal Level 0 (DS0) termination cabling, Level 1 (DS1) termination cabling, Level 3 (DS3) termination cabling, and fiber terminations (excluding entrance that run from vault directly to collocation site, i.e. Express Fiber Entrances). These elements will be eligible for a potential refund for up to one (1) year after the date of decommissioning.

2.10.2 Reusable elements include Qwest inventoried components (e.g. cage, bays, HVAC, cable racking) to provision the original Collocation site. These elements will be available for a potential refund for up to three (3) years after decommissioning.

2.11 CLEC is required to return the space to turnover condition. Turnover condition is defined as the same condition in which CLEC originally assumed the Collocation site.

### **3.0 Rate Elements**

3.1 Under the standard terms of the Facility Decommissioning Agreement, Qwest will not charge for the decommissioning service provided herein, unless equipment has been abandoned or the Collocation space has not been returned to turnover condition.

Rates:

3.1.1 Miscellaneous labor hourly charges as defined in the attached Exhibit A will apply.

3.1.2 Additional dispatch charges, will apply for unmanned offices, as defined in the attached Exhibit A.

### **4.0 Ordering**

4.1 The decommission process requires the submission of a "Cancellation, Decommission, Change of Responsibility Application Form".

4.1.1 The Application form is located on the Qwest web at: <http://www.qwest.com/wholesale/pcat/collocation.html>.

4.1.2 The Decommissioning Application should be submitted to: [colo@qwest.com](mailto:colo@qwest.com) and [rfsmet@qwest.com](mailto:rfsmet@qwest.com).

4.1.3 Qwest will notify CLEC within one (1) business day if the prerequisites have been met. Qwest will validate the order within two (2) business days from receipt of the application.

**ATTACHMENT 3****COLLOCATION TRANSFER OF RESPONSIBILITY**

If terms and conditions for Collocation Transfer of Responsibility are included in CLEC's Interconnection Agreement, and those terms differ from those set forth in this amendment, then the terms of the Interconnection Agreement prevail.

**1.0 Description**

1.1 Transfer of Responsibility refers to the transfer of a Collocation site to an assuming CLEC or from a vacating CLEC subject to the conditions set forth herein. A Transfer of Responsibility Collocation site is identified via the vacating CLEC's 11 character CLLI™ code.

1.2 Transfer of Responsibility is offered for Caged Physical, Cageless Physical, and Virtual Collocation.

1.3 All other types of Collocation to be transferred will be handled on an Individual Case Basis (ICB) by contacting the appropriate Qwest Wholesale Project Manager (WPM).

1.4 There are two types of Transfer of Responsibility:

1.4.1 Transfer of Responsibility without working circuits – there are no active terminations (e.g., Digital Signal Level 0 (DS0), Digital Signal Level 1 (DS1)) for the Collocation site to be transferred.

1.4.2 Transfer of Responsibility with working circuits – active terminations (e.g., DS0, DS1) are associated with the Collocation site to be transferred.

1.5 Transfer of Responsibility with working circuits is offered if only administrative changes are required and the transfer does not involve translations activity that need to be processed in conjunction with the transfer. If the CLEC's transfer plans allow for the completion of the Transfer of Responsibility prior to the translation activity, then the transfer request would be permissible within the product offering.

1.6 A request for Transfer of Responsibility is irrevocable upon one hundred percent (100%) payment by the assuming CLEC of the nonrecurring Collocation transfer charges reflected on the quote.

**2.0 Terms and Conditions**

2.1 A Collocation site is considered eligible for Transfer of Responsibility only after Qwest completes the site build-out and the vacating CLEC has accepted the site.

2.2 Assuming CLEC is required to have an Interconnection Agreement with Qwest prior to submitting a Transfer of Responsibility request. Assuming CLEC will need to amend any previously-existing Interconnection Agreement prior to submitting a Transfer of Responsibility request if it does not contain the Terms and Conditions and rate elements for the services that will be transferred.

2.2.1 If vacating CLEC has filed for bankruptcy, assuming CLEC must comply with 11 U.S.C. Section 365.

2.3 Both vacating and assuming CLEC's Interconnection Agreements with Qwest must

contain finalized terms and conditions associated with the Transfer of Responsibility of a Collocation site and all associated services.

2.4 The Collocation site referenced in the Transfer of Responsibility request will be transferred “as is” and in its entirety. This includes, but is not limited to, entrance facilities (from the Point of Interface (POI) utility hole), Splitters, cables, and working circuits (if applicable). Terms and conditions pertaining to the transfer of equipment between the vacating and assuming CLECs will be the responsibility of the vacating and assuming CLECs.

2.5 The assuming CLEC will provide the information Qwest will need to update the following items: Customer Name, Access Carrier Name Abbreviation (ACNA), Master Customer Number (MCN), Customer address, phone number, billing and contact information, and contract number. The 11 character CLEC CLLI™ code will remain the same. The Transfer of Responsibility request may not include translations work for associated working circuits.

2.6 The Transfer of Responsibility request is available if there are no space requests pending by a CLEC or Qwest, or if the vacating and assuming CLEC were affiliate corporate entities prior to the proposed transfer, or the transfer is due to a bankruptcy court order. Collocation Transfer of Responsibility is not available if another CLEC and/or Qwest are in waiting queue for available space within the requested Central Office.

2.7 The negotiation of the transfer terms and conditions between the vacating CLEC and the assuming CLEC is the responsibility of those two Parties. Qwest does not participate in these discussions. Qwest will only manage the database and records transfer.

2.8 Qwest is not responsible for the physical condition of the CLEC’s equipment, with the exception of equipment associated with a Virtual Collocation site, as set forth in CLECs’ Interconnection Agreement.

2.9 If a CLEC submits a Transfer of Responsibility request for a site that has a related Splitter Collocation associated with it, the Splitter Collocation will be transferred as part of the Transfer of Responsibility.

2.10 Submission of new connect, change, and disconnect orders will be restricted from quote acceptance until the transfer of the working circuits is complete. If new connect, change, and disconnect orders need to be submitted between quote acceptance and the completion of the transfer, it will be handled on an ICB and could affect the Ready for Service (RFS) date.

2.11 Submission of Collocation augment orders will be restricted from the time that the Application for Transfer of Responsibility has been validated until the assuming CLEC has accepted the quote for the Transfer of Responsibility.

2.12 All work in progress related to the Collocation site and/or associated working circuits (if applicable) must either be completed or cancelled by vacating CLEC prior to quote acceptance.

2.13 If vacating CLEC does not lease another physical Collocation site at the specified Central Office at the time of the Transfer of Responsibility request, then vacating CLEC must relinquish security access to the building.

2.14 CLEC’s obligations:

2.14.1 Prior to submitting a Transfer of Responsibility request, vacating CLEC’s financial obligations to Qwest with respect to the Collocation site to be transferred must be met,

with the exception of formally disputed charges. The vacating CLEC's financial obligations will include payment of one hundred percent (100%) of all nonrecurring charges and all applicable recurring charges for the specific Collocation account that are more than 30 days past due.

2.14.2 Prior to submitting a Transfer of Responsibility request, the assuming CLEC's financial obligations to Qwest must be in good standing.

2.14.3 Prior to submitting a Transfer of Responsibility (without working circuits) request, vacating CLEC must ensure that no live circuits exist at the Collocation site to be transferred.

2.14.4 Prior to transferring a Collocation site with working circuits, vacating CLEC must notify, in writing, all of its current end-users and service customers that utilize its Transfer of Responsibility Collocation site equipment or facilities of the transfer of service to the assuming CLEC, unless vacating CLEC has a waiver from the FCC.

2.14.5 Vacating and/or assuming CLEC will be responsible for submitting Local Service Request (LSR) orders for Unbundled Loops, Enhanced Extended Loops (EELs), Line Sharing, and Line Splitting. Orders to transfer Local Interconnection Service (LIS) trunks and ancillary services (e.g., SS7, 911, Operator Services) with no translation activity, as well as Dark Fiber, Private Line, and Access circuits, will be processed based on the information provided in the Transfer of Responsibility Spreadsheet found in the Product Prerequisite section of the Collocation General PCAT.

2.14.6 Assuming CLEC is responsible for Directory Assistance (DA), Operator Services (OS), Directory Listings (DL), Busy Line Verify/Busy Line Interrupt (BLV/BLI), and 911 changes, if applicable. Any additional SS7 changes will need to be made after the transfer is complete.

## 2.15 Required documentation:

2.15.1 Transfer of Responsibility Application Form.

2.15.2 Vacating CLEC must send Qwest an e-mail notification (if the transfer includes working circuits), along with the Transfer of Responsibility Application, representing to Qwest that all of its end-users and service customers have been properly notified (refer to section 2.14.4). An exception is if the CLEC has a waiver from the FCC, which would then need to be included with the Transfer of Responsibility request.

2.15.3 Vacating and assuming CLEC must provide Qwest, along with the Transfer of Responsibility Application, a signed Qwest Transfer Authorization Agreement. Required information on the Qwest Transfer Authorization Agreement: Qwest Central Office Name, applicable CLLI™ codes, Collocation BAN numbers, and charges (as provided by Qwest) for the transfer of the Collocation site.

2.15.4 If there are working circuits associated with the Collocation site to be transferred, the vacating or assuming CLEC must complete the Transfer of Responsibility Spreadsheet and submit it along with the Transfer of Responsibility Application.

2.15.5 If Collocation site being transferred has a CLEC-to-CLEC (Direct) arrangement, then the CLEC submitting the Transfer of Responsibility must submit a Letter of Authorization (LOA), along with the Transfer of Responsibility Application, signed by

both the vacating CLEC and the CLEC partner authorizing the transfer of the CLEC-to-CLEC service to the assuming CLEC. A separate LOA is required, as a condition precedent, for each separate CLEC-to-CLEC relationship with respect to the facility that is the subject matter of the Transfer of Responsibility Application.

2.15.6 Once Collocation site transfer is complete the vacating CLEC, assuming CLEC, and Qwest are all required to sign the Qwest Services Transfer Agreement.

### **3.0 Rate Elements**

3.1 Vacating CLEC will not incur charges for the transfer of the Collocation site.

3.2 Assuming CLEC's quote will reflect the following nonrecurring charges associated with the transfer of the Collocation site: Assessment Fee, payable regardless of whether the quote is accepted, and Network Systems Administrative Fee.

3.3 Nonrecurring charge for processing Interconnection circuits.

### **4.0 Ordering**

4.1 The Transfer of Responsibility process requires submission of the Transfer of Responsibility Application Form containing information for both the vacating and the assuming CLEC.

4.2 The Transfer of Responsibility Application Form can be found on Qwest's web site at: <http://www.qwest.com/wholesale/pcat/collocation.html>.

4.3 The Transfer of Responsibility request should be submitted to [colo@qwest.com](mailto:colo@qwest.com) and [rfsmet@qwest.com](mailto:rfsmet@qwest.com) simultaneously.

### **5.0 Billing**

5.1 Vacating CLEC is obligated to pay all recurring charges associated with the Collocation until Qwest completes the Transfer of Responsibility request. When the RFS date is met, Qwest will begin to bill the assuming CLEC for all recurring billing, charges based on the CLEC's Interconnection Agreement, and cease the recurring billing for the vacating CLEC.

5.2 Assuming CLEC will be responsible for the monthly charges for the working circuits and charges for the transfer of the working circuits (if applicable).

CLLI™ is a registered trademark of Telcordia

## ATTACHMENT 4

### POLES, DUCTS AND RIGHTS OF WAY (PDR) TRANSFER OF RESPONSIBILITY

#### 1.0 Description

1.1 Poles, Ducts and Rights of Way (PDR) Transfer of Responsibility refers to the transfer of the occupancy of space for either aerial or underground facilities to an assuming CLEC or from a vacating CLEC.

1.2 A Transfer of Responsibility request received by Qwest is irrevocable upon 100% payment by the assuming CLEC of the nonrecurring transfer charge.

#### 2.0 Terms and Conditions

2.1 To be eligible for PDR Transfer of Responsibility of the occupancy of space for poles or conduit, vacating CLEC must have a valid Agreement in place for those facilities specified for transfer.

2.2 Assuming CLEC is required to have an Agreement with Qwest that includes all applicable PDR rate elements involved in the transfer.

2.3 The Agreement referenced in the PDR Transfer of Responsibility request will be transferred either in its entirety or portion thereof as specified in the PDR Transfer of Responsibility Application Form and Transfer Authorization Agreement.

2.4 The PDR Transfer of Responsibility includes changing the following Qwest items: Customer Name, Access Carrier Name Abbreviation (ACNA), Master Customer Number (MCN), customer address, telephone number, billing and contact information, and contract telephone number. The 8 character CLEC CLLI™ code will remain the same.

2.5 If the vacating CLEC has filed for bankruptcy, the assuming CLEC must comply with 11 U.S.C. Section 365.2.6 The negotiation of the terms and conditions between vacating CLEC and assuming CLEC is the responsibility of those two parties. Qwest does not participate in these discussions. Qwest manages the database and records transfer.

2.7 Qwest is not responsible for the physical condition of the CLEC's facilities.

2.8 Prior to submission of a PDR Transfer of Responsibility request, all work in progress must be negotiated between vacating and assuming CLEC.

2.9 CLEC's obligations:

2.9.1 Prior to submitting a Transfer of Responsibility request, assuming CLEC's financial obligations to Qwest must be in good standing. If vacating CLEC is unable to meet its financial obligations, assuming CLEC will be required to assume the financial obligations of vacating CLEC.

2.10 Required documentation:

2.10.1 Transfer of Responsibility Application Form.

2.10.2 Vacating and assuming CLEC must provide Qwest a signed Qwest PDR Transfer Authorization Agreement providing the following information: All Qwest Central

Office Service Areas that may apply, PDR Billing Authorization Number (BAN) numbers, requested completion date (not binding), and state specific charge for the transfer as indicated in Exhibit A.

2.10.2 Once the transfer request is accepted, Qwest will submit the signed PDR Transfer of Responsibility Request Consent Form to vacating and assuming CLECs and the transfer will be completed.

### **3.0 Rate Elements**

3.1 Vacating CLEC will not incur charges for the transfer of Agreement.

3.2 PDR Transfer of Responsibility charge for assuming CLEC will be the PDR Transfer of Responsibility Fee Nonrecurring charge associated with the transfer of the Agreement.

### **4.0 Ordering**

4.1 The PDR Transfer of Responsibility process requires the submission of the DPR Transfer of Responsibility Application Form containing information for both the vacating and assuming CLECs, a signed Qwest PDR Transfer Authorization Agreement, and full payment of the quoted PDR Transfer change.

4.2 The PDR Transfer of Responsibility Application Form and Transfer Authorization Agreement are on Qwest's web site at: <http://www.qwest.com/wholesale/pcat/poleductrow.html>.

4.3 The PDR Transfer of Responsibility Application Form and an electronic version of the Transfer Authorization Agreement with "Agreed" entered in the designated signature blocks (this will act as your electronic signature) must be submitted to [wsst@qwest.com](mailto:wsst@qwest.com).

4.4 The printed and signed PDR Transfer Authorization Agreement and full payment is to be mailed to: Resource Allocation, 700 W. Mineral MT-G28.24, Littleton CO 80120.

### **5.0 Billing**

5.1 Vacating CLEC is obligated to pay all recurring charges until Qwest completes the PDR Transfer of Responsibility request. Once the transfer is complete, the effective date to cease recurring billing will coincide with the same date recurring billing starts for assuming CLEC.

5.2 Upon completion of the PDR Transfer of Responsibility, assuming CLEC is responsible for recurring charges as defined in CLEC's Agreement.
