Re: Docket UT-100203

Dear Mr. Danner:

On behalf of Virgin Mobile USA ("Virgin Mobile" or the "Company"), enclosed please find information required by the Commission's recent Order in the above-referenced docket granting eligible telecommunications carrier designation to the Company. As required by the Order, the following information is enclosed: i) a revised version of the rates, terms and conditions applicable to the Company's Lifeline services in Washington; ii) proposed direct marketing and advertising material; and, iii) Virgin Mobile's Lifeline customer enrollment form. This information replaces the filing that Virgin Mobile submitted in this proceeding on November 16.

Virgin Mobile takes this opportunity to inform the Commission that it has begun discussions with the Washington State Department of Social and Health Services ("DSHS") regarding a data sharing agreement that will enable the Company to access and use DSHS databases to verify customer eligibility. However, technical delays related to upgrading Virgin Mobile's customer database will prevent the Company from collecting DSHS 9-digit client identifiers from applicants until the end of the first quarter 2011. The Company will provide an updated enrollment form for Commission review at that time.

ASSURANCE WIRELESS TERMS OF SERVICE

Introduction

Assurance Wireless is brought to you by Virgin Mobile and is a Lifeline Assistance program supported by the federal Universal Service Fund program (“Lifeline Assistance”). These Terms of Service apply to Assurance Wireless services and mobile phones activated on Assurance Wireless services. Please read these terms carefully.

These Terms of Service become effective by doing any of the following: activating an Assurance Wireless phone or using your Assurance Wireless phone after you make a change to your account. If you do not want to accept these terms, don't do either of these things and contact Assurance Wireless at 1-888-321-5880. When you accept these Terms of Service, you represent that you are at least 18 years of age and that you meet the eligibility standards for Assurance Wireless service. You may not assign your rights or delegate any of your duties under these terms without the prior written consent of Assurance Wireless, and any attempted assignment or delegation without such consent shall be void. Assurance Wireless may assign all or part of these terms or your debts under these terms without notice.

Our Right to Make Changes

Our service is provided at our discretion. We may change our Terms of Service, including pricing for paid service options, from time to time. Unless expressly prohibited by law, we reserve the right to modify or cancel this service or your account or take corrective action at any time and for any reason, including, but not limited to, your violation of any provision of these Terms of Service. Check the Assurance Wireless website, www.assurancewireless.com, for the most recent pricing. Your right to use our service is subject to our business policies, practices and procedures, rates and these Terms of Service, which we may change at any time. We will notify you of any change to these Terms of Service that are determined to be materially adverse to you 30 days in advance of such change. If you do not terminate your service within 30 days of receiving the notice of a change in these Terms of Service, you agree to accept any such changes.

Mobile Telecommunications Services

Virgin Mobile USA, L.P. provides Assurance Wireless mobile telecommunications services using the Nationwide Sprint Network exclusively with Assurance Wireless phones provided free of charge as well as Virgin Mobile phones purchased from Virgin Mobile or an authorized retailer. You cannot use our service with any other mobile phone or device or on any other network, and you may not use your Assurance Wireless phone or device with any other service or network. Airtime may be used for domestic and international calling from the United States and for related services as provided in these Terms of Service.

The Assurance Wireless service is for personal use only. You may not use our service in a manner that interferes with another Assurance Wireless or Virgin Mobile customer's use of our service. We have determined that our ability to provide good service may be impaired when customers place abnormally high numbers of calls, send or receive unusually high numbers of messages, or repeatedly place calls of unusually long duration, relative to typical usage by other Assurance Wireless or Virgin Mobile customers on similar service plans. Such atypical usage suggests that a mobile phone is being used other than for personal use in violation of these Terms of Service. Unlimited voice services are provided solely for live dialogue between two individuals. Unlimited voice services may not be used for monitoring services, data transmissions, or other connections that do not consist of uninterrupted live dialogue between two individuals. Assurance Wireless phones and mobile phone numbers may not be used for pager or voicemail-only service, and Assurance Wireless may terminate any account if usage is limited to pager service or voicemail retrieval service.

You agree not to use Assurance Wireless services in any way that is illegal, fraudulent or abusive, as determined by Assurance Wireless in its sole discretion. You may not alter any of the hardware or software on your Assurance Wireless phone for any purpose. We may change your mobile phone's software, applications or programming remotely and without notice. This may affect stored data or other personal information or programming on your mobile phone for which we are not responsible. Assurance Wireless phones may not be purchased in bulk or sold to third parties.

The software and Data Content on the Assurance Wireless and Virgin Mobile phones, including the operating system, applications, data, information, music, games, images, text and other material, are owned by Virgin Mobile or its business partners. You are permitted to use this software and Data Content solely in connection with your use of the Assurance Wireless phone with our service as expressly authorized under these Terms of Service. You may not distribute or upload any pre-loaded software or content to another device or transmit or broadcast the software or content, or otherwise copy or use the software or content in any manner not expressly authorized under these Terms of Service or any other governing terms of use relating to any downloaded content or applications. If you violate these Terms of Service, including without limitation by using a Assurance Wireless phone or device on another network without our prior written consent by modifying any hardware or software on an Assurance Wireless phone or device, or by distributing, copying or otherwise using any of the software or content on an Assurance Wireless phone in a manner that is not authorized by these Terms of Service or any other governing terms of use relating to any downloaded content or applications, your license to the software and content shall terminate immediately and your continued use will constitute copyright infringement.

Assurance Wireless service is only available in geographic areas covered by the digital service network footprint of the Nationwide Sprint Network. Local phone numbers may not be available in certain markets.

Wireless services use radio transmissions and are therefore affected by limitations. Coverage is not available everywhere. Quality of service may be affected by conditions beyond our control, including atmospheric, geographic, or topographic conditions, or by your damaging your mobile phone. We do not warrant or guarantee that service will be available at any specific time or geographic location, or that service will be provided without interruption. We may give credit for continuous service interruption of more than 24 hours on a case-by-case basis, if such interruption was reasonably within our control, and you notify Assurance Wireless at 1-888-321-5880 within seven days of the interruption. Any statements or maps provided by us, our agents, or dealers about coverage are only intended to provide high-level estimates of our coverage areas when using our service outdoors under optimal conditions and do not mean that service will be available under all circumstances, at all times or without interruption. Estimating wireless coverage and signal strength is not an exact science. There are gaps in coverage within our estimated coverage areas that, along with other factors both within and beyond our control, may result in service interruptions, slower data speeds, or lower quality of service. You should therefore never solely rely on your mobile phone for emergency calls, such as to 911.

Rates that vary based on the time of a call will be determined based on the location of the network equipment providing service for a particular call and not on the location of your mobile phone or your mobile phone's area code. Airtime usage is measured from the time the network begins to process the call (before the phone rings or the call is answered) through the network's termination of the call (after you hang up). Therefore, call time data displayed on your mobile phone may be inaccurate and may not be relied upon for billing purposes.

Availability

Assurance Wireless is only available for activation by customers who reside in the areas in which Virgin Mobile, or in certain cases, an affiliate has been designated as an Eligible Telecommunications Carrier ("ETC"). Your principal residence address must be within a Virgin Mobile ETC service area. Visit www.assurancewireless.com to check whether you reside in a Virgin Mobile ETC service area. To be eligible for Assurance Wireless service, you must meet the applicable eligibility standards described below, which may be amended from time to time.

Eligibility

Eligibility for Assurance Wireless service varies by state. You may qualify for Assurance Wireless if you participate in any of the government programs listed on your Assurance Wireless application or based on household income eligibility standards. If you seek to qualify for Assurance Wireless based upon participation in a qualifying federal or state program, you may be required to provide proof of program participation such as program identification card or other social service agency document that shows you currently participate in one of the programs enumerated above. If you seek to qualify for Assurance

Wireless under the household income eligibility standards, you are required to provide written documentation of your household income. Assurance Wireless shall retain all such certifications and documentation to furnish proof of your eligibility as may be required by applicable law. By completing the Assurance Wireless application, you consent to the release of your information (including financial information) to our designated agent as required for the administration of your Assurance Wireless service. This consent survives the termination of this Agreement. Assurance Wireless reserves the right to review your eligibility status at any time and require you to provide Assurance Wireless with written documentation of either your household income or your participation in a qualifying federal or state program. You may only receive Lifeline Assistance for a single landline or wireless telephone account at your principal residence. If you or any member of your family unit receives Lifeline Assistance from any other telephone company, you are responsible for notifying your current service provider that you have been approved for Lifeline Assistance through Assurance Wireless from Virgin Mobile.

Assurance Wireless to confirm your eligibility by the response date; 3) you have responded to a request by Assurance Wireless to confirm your eligibility but failed to submit adequate proof of your eligibility status; or 4) Assurance Wireless learns you are no longer eligible through communication with a state agency, Assurance Wireless will notify you that you are no longer eligible for Assurance Wireless service. In addition, for Florida, Indiana, Mississippi, Texas and Washington State residents only: if you do not make a voice call or send a text message at least once during any 60-day period, if you are a Florida, Mississippi or Washington State resident, or at least once during any 90-day period, if you are Texas or Indiana resident, Assurance Wireless will notify you that you are no longer eligible for Assurance Wireless service. If your account expires, you will lose your phone number, and Assurance Wireless will assess you a termination charge equal to the value of the balance in your account.

Payment Methods for Paid Service Options

For wireless phone usage in addition to your 250 monthly minute allocation and in order to utilize messaging, data and other enhanced services or features, you must add money to the cash balance of your Assurance Wireless account.

You add money to the cash balance of your Assurance Wireless account by using one of our Top-Up methods. You can Top-Up your account by (1) registering your credit/debit card or PayPal account (a "registered payment method"), or (2) buying Virgin Mobile Top-Up cards at any of thousands of retail locations. Virgin Mobile Top-Up cards come in increments of \$10, \$25, \$40, and \$60. Sales taxes apply.

The minimum Top-Up amount when using a credit card, debit card or PayPal account is \$10; otherwise, you may use your credit card, debit card or PayPal account to Top-Up in any amount between \$10 and \$120. The maximum amount you may Top-Up at any one time is \$120; the maximum amount you may Top-Up in a single day is \$150; and the maximum cash balance allowed in an account at one time is \$400. The value of any Top-Up amount or card cannot be applied to any wireless service other than Assurance Wireless.

You can register to automatically Top-Up your account. By registering for Auto Top-Up, you agree to have the Auto Top-Up amount you have selected deducted from your credit card, debit card or PayPal account and added to your Assurance Wireless account according to one of the following options: (1) once every month on the date you specify; (2) once every 90 days; (3) once every 45 days; or (4) when your balance falls below \$5. The minimum Auto Top-Up amount is \$10.

You can set up, modify, or cancel your Auto Top-Up preferences at www.assurancewireless.com or by calling Assurance Wireless at 1-888-321-5880.

Payment Methods for Monthly Recurring Charges

If you have authorized the use of your registered payment method for monthly subscription charges (i.e., for your Data Pack and/or Messaging Pack subscriptions as described below), we will first attempt to deduct your monthly payment from your cash balance. If you do not have a sufficient cash balance to cover your monthly charge, we will charge your registered payment method.

Alternatively, you may use Top-Up for payment of recurring monthly charges. You may also use Top-Up to add to your cash balance for any service option and use that cash balance for services such as international calls, domestic and international messaging and Downloads (VirginXL).

Account History

Your account history for the previous 60 days will be available online at www.assurancewireless.com unless you switch service options, in which case your account history for your new service option will be available online for a period of up to 60 days following the date of your switch. Assurance Wireless has no control over the Data Content on any partner site that you may access via your Assurance Wireless phone. We strongly recommend that you use good judgment and care in sharing any personal information about yourself while communicating and interacting with any website. Please do not modify, make, upload or download any Data Content that may violate anyone's intellectual property rights, including copyright laws.

Third-party contact information is available on your statement, as well as by calling Assurance Wireless at 1-888-321-5880.

Account Suspension Related to Credit Card Chargebacks

If we have attempted to charge your credit card or PayPal account for a charge that we deem is authorized and valid under these Terms of Service, and the credit card company or PayPal withholds such payment because the charge has been disputed (a "Chargeback"), we reserve the right to suspend your access to our service for up to 30 days until the Chargeback is reversed. If the Chargeback is not resolved and reversed, your account will be deactivated at the end of the 30-day period and Assurance Wireless will assess you a termination charge equal to the balance in your account, which is not refundable even if you reactivate your account. If your account is reactivated, you may be charged a fee for each Chargeback. If there are multiple Chargebacks associated with your account or we suspect or confirm any fraudulent activity in connection with your payments, we may, without limiting any other rights available to us, elect in our sole discretion to require you to add money to the cash balance of your Assurance Wireless account solely by means of Top-Up cards.

Refunds and Returns

No Refunds of Top-Up Cards and Monthly Charges

Assurance Wireless is not responsible for, nor do we refund, lost, stolen, misused, or damaged Top-Up cards. Top-Up cards must be applied to your account within 5 years of purchase. Neither Assurance Wireless nor Virgin Mobile accepts returns or provide refunds for Top-Up cards. Please ask your retailer any questions regarding its return policy. All Top-Up sales are final and non-refundable regardless of who uses or possesses your mobile phone after you buy airtime, and regardless of whether the mobile phone is used with your consent or knowledge.

Monthly charges are non-refundable.

Returning Your Assurance Wireless Phone

Mobile phones purchased directly from Virgin Mobile may be returned for a full refund within 30 days of

purchase. You must have the original receipt, packaging materials and all components. Please contact Assurance Wireless at 1-888-321-5880 for instructions.

Mobile phones purchased at a retail store may be returned to that store in accordance with the store's return policy. Please repack the mobile phone and all components and bring it to the store at which you purchased it.

All mobile phones purchased directly from Virgin Mobile, or one of our authorized dealers, include a one-year warranty from the original equipment manufacturer. If you experience a handset malfunction, call Assurance Wireless at 1-888-321-5880 we will arrange for a replacement device.

Lost or Stolen Equipment

If your mobile phone is lost or stolen, you are responsible for charges incurred until you notify us of the loss of your mobile phone by visiting our website (www.assurancewireless.com) or by calling Assurance Wireless at 1-888-321-5880. Upon receiving notice that your mobile phone is lost or stolen, Assurance Wireless will suspend your account. If you do not either activate a new Assurance Wireless phone or notify us that you have found your old mobile phone within 60 days of the suspension of your account, your account will be deactivated, you will lose your Assurance Wireless phone number and Assurance Wireless will assess you a termination charge equal to the balance in your account, which is not refundable even if you reactivate your account.

Mobile Phone Number

The mobile phone number we provide for your use is and will remain the property of Assurance Wireless. We may give the mobile phone number to another customer without telling you if you cancel your service with Assurance Wireless in order to use another mobile service (unless you transfer the mobile phone number to another telecommunications provider in accordance with applicable regulations), or if your account expires and is deactivated. We may also change your mobile phone number at any time, although we will notify you prior to any change. You can request to change your mobile phone number up to three times each year.

Keeping Your Old Mobile Phone Number

Depending on where you live, you may transfer an existing wireless or wireline carrier telephone number to your Assurance Wireless service for use as your mobile phone number. To switch an existing phone number to Assurance Wireless, contact Assurance Wireless at 1-888-321-5880. Before you call, please have a bill from your existing wireless or wireline carrier available. When you switch from another wireless carrier to Assurance Wireless, you may have to pay a termination penalty to your former carrier if you terminate your contract early. Assurance Wireless will not reimburse you for any termination fees imposed by other carriers.

You will not be able to switch your area code without receiving a new local number from Assurance Wireless as well. For example, if you move from San Francisco to New York City, and your San Francisco number was 415-123-4567, you may keep 415-123-4567 as your number, but you may not switch your number to 212-123-4567. Although you may keep your old number and old area code, you should be aware that your New York friends may pay long distance charges when they call your San Francisco number from the New York area.
