Did not mark the excavation area in white paint; RCW 19.122.30 (1)(a)

**Summary:**

On July 15th 2016 PSE's Damage Prevention Field Rep, Roger Arrington, and PSE's Damage Prevention Program manager, Erika Hunter, came across a TT & E LLC crew excavating in Kirkland WA at 13502 NE 129<sup>th</sup> Street, Lot #33. Roger checked for a valid ticket on the ITIC site [www.managetickets.com](http://www.managetickets.com) and found that a TT& E employee, Manuel and his crew, were digging before the 2 business day waiting period which is a violation of RCW 19.122.30 (2) and (5). Roger stopped the work, and told them not to dig until the locator had marked all utilities. Roger also noted that the excavation area was marked in orange paint. Roger educated Manuel about marking in white paint and gave him white marking paint for future use.

On 07/13/2016 [www.managetickets.com](http://www.managetickets.com) does show that a ticket, 16218762, was called in, at 9:20 am, for the same jobsite with a work to begin date on 07/16/2016. The search was conducted for a ticket from 06/01/2016. This is the only ticket for TT & E LLC, for this address within that time period.

Roger stopped the work and Erika documented the jobsite with photos. Only one employee gave his name but there was a 3 person work crew.
