Re: Docket No. UE-180102 – Avista Voluntary Solar Select Program

Dear Mr. King,

On February 2, 2018, Avista Corporation, dba Avista Utilities, filed proposed tariff Schedule 87, “Voluntary Solar Select Program”, applicable to large commercial and industrial customers. The Company recognized that its proposed tariff sheet 87b filed on March 6, 2018, included an incorrect Solar Resource Rate. The rate listed in the tariff sheet was \$0.5268 per kWh, but should have been \$0.05268 per kWh. The Company has updated the tariff sheet with the tariff filed herein.

If you have any questions regarding this filing please call Shawn Bonfield at 509-495-2782 or by email at shawn.bonfield@avistacorp.com.

Sincerely,

/s/Linda M. Gervais
