RE: *In the Matter of the Penalty Assessment Against Rock Placing, Co. in the Amount of \$8,500, Docket D-180169*

TO ALL PARTIES:

On March 5, 2018, the Washington Utilities and Transportation Commission (Commission) issued a penalty assessment (Penalty Assessment) against Rock Placing, Co. (Rock Placing or Company) in the Amount of \$8,500 for three violations of RCW 19.122.030(1)(a).

On March 12, 2018, Rock Placing filed an application for mitigation, and on April 27, 2018, the Commission entered Order 01, Imposing and Suspending Penalty, in Part (Order 01). Order 01 suspended \$2,500 of the penalty for one year, subject to the following conditions: (1) Rock Placing field crew involved in excavation, including Company management, completed NUCA Dig Safe Training within 12 months of the effective date of Order 01, and (2) Rock Placing commit no further violations of RCW 19.122 within 12 months of the effective date of Order 01. If the Company complied with both conditions, the Commission would waive the suspended portion of the penalty.

On April 29, 2019, Commission staff (Staff) filed a letter informing the Commission that Rock Placing had met both of the conditions. In its letter, Staff recommended the \$2,500 suspended portion of the penalty be waived.

The Commission agrees that Rock Placing has complied with the conditions of the penalty suspension. The \$2,500 suspended portion of the penalty is now waived, and this docket is closed.
