**Re: Docket UE-190129: Amended Petition for an Order Authorizing Accounting Treatment of Costs of New Electric Services Related to Products and Services for Electric Vehicle Charging**

Dear Mr. Johnson:

In accordance with WAC 480-07-370(3), Puget Sound Energy (“PSE”), encloses its Amended Petition for an Accounting Order Authorizing Accounting Treatment of Costs of New Electric Services Related to Products and Services for Electric Vehicle Charging.

On February 26, 2019, PSE filed a Petition for an Order Authorizing Accounting Treatment of Costs of New Electric Services Related to Products and Services for Electric Vehicle Charging. On April 5, 2019, PSE filed an amended petition. Since the initial and first amended filing, PSE had discussions with Commission Staff and has incorporated some recommended changes into this amended petition. Mainly, PSE has added details to the Summary Accounting Entries and changed the FERC account to be used for the deferral of return and for the carrying charges on the non-return deferral. Additionally, this amended petition provides additional clarification related to the costs that will be deferred.

Please note that portions of Attachment B in support of PSE’s amended petition contain information that is **Confidential pursuant to WAC 480-07-160**. This information is commercially sensitive and would harm PSE, its customers and shareholders, if released. PSE therefore requests that Attachment B be treated as confidential under WAC 480-07-160.
