RE: General Rate Increase, G-42
Ref: TG-190869

Dear Executive Secretary:

This submission contains revised copies of customer notice letters as well as an attachment containing an updated rate table. This submission is a revision of the original general rate case submission, please do not re-docket. The customer notice letter was revised to include the name and address of Pullman Disposal Service in the title of the notice. In addition, some wording within the body of the notice was changed at the request of the UTC.

Regarding revisions to the rate table, the minimum level of service was added to each class of services in addition to the four most used services. In the commercial carts and containers class, the container rent charge was added, if applicable, to the four most commonly used services. Finally, some wording was changed when referring to a specific level of service in order to match the wording contained in the tariff.

Very truly yours,

GL BOOTH · JG DAVIS & ASSOCIATES, PLLC

Jacqueline Davis
