3. WAC 480-123-130(1)(c) – Broadband Buildout Deployment

The Company falls into criterion three of WAC 480-123-110 and as a result has constructed broadband infrastructure throughout all its service territory. This means that the company is using program support to allow it to provide a high level of telecommunications services and broadband services at the levels that are provided today, and with enhancements becoming available where appropriate.

4. WAC 480-123-130(1)(d) – Unfilled Consumer Request for New Basic Telecommunications Service*

None

*Service requests that are ongoing but still within normal processing times are not counted as unfulfilled.

5. WAC 480-123-130(1)(h) - Report on Operational Efficiencies/Business Plan Modifications

The Company continually reviews its operations to determine if efficiencies can be achieved. The Company already has a plan in place to concentrate on improving broadband service while continuing to provide high-quality basic telecommunications service to the customers that are located within the area that the Company serves.
