Summit View Water Works, LLC has filed for approval from the Washington Utilities and Transportation Commission (UTC) to increase Irrigation service rates. If approved, the new rates will become effective for the 2024 Irrigation season beginning April 1, 2024. The filing will increase revenue by \$130,000. This is an approximate 27.00% increase over current rates.

	Current Rate	Proposed Rate	Percent Increase
Base Rate	\$343.24	\$449.97	31.09 percent
Per Acre Rate	\$408.24	\$517.97	26.88 percent

Our water company has not had a rate case review since the rates were last increased in 2018. The 27.00% increase spread over the four years since our last rate adjustment is approximately 6.7% per year.

The additional revenue requested is to cover increased operating expenses such power costs, insurance expenses, postage, and additional personnel to better serve our customers.

The Commission has the authority to set final rates that may be either lower or higher than the company's request, depending on the results of its investigation. You can comment on the case by using the "Submit a Comment" feature at the Commission's Web site at www.utc.wa.gov or by using the contact information below.
