

Appendix A

IRA and IIJA Opportunities Inventory Template

Instructions:

1. Utility must complete the following template for submission with CEIP, MYRP, and provision capital review filings. This inventory should be maintained by the utility and updated prior to each filing.
2. The template may be converted into another file type, or different formatting applied, but must contain the same information as requested in the template.
3. Do not use a response of Not Applicable (N/A) for any of the template components.

Template:
