RE: Semi-Annual Report of Demand Side Management (DSM) Programs and Accounting Summary of DSM Programs Recovered Through the Electric Rider and Gas Tracker in Calendar Year 2000

Dear Ms. Washburn:

Enclosed is an original and twelve copies of Puget Sound Energy's revised graphs, Chart 3 - Electric Programs, Projected 2000 Compared to Appendix B Target and Chart 4 - Natural gas Programs, Projected 2000 Compared to Appendix B Target. The revised graphs are associated with the Semi-Annual Report of DSM Programs and Summary of Accounting for the DSM rider and Tracker Programs through December 31, 2000. Graphs from the June 30, 2000 Report were submitted in error when reporting the activity for the year ended December 31, 2000. The Company requests that the graphs provided on pages 14 and 15 of the Semi-Annual Report of DSM submitted on February 14, 2001 and pages 14 and 15 of the Appendix to the Accounting Summary of DSM submitted on March 1, 2001 be replaced with those enclosed which reflect the activity for the year ended December 31, 2000.

Please direct any inquiry related to this request to me at (425) 456-2797.

Sincerely,

A handwritten signature in black ink, appearing to read 'Karl R. Karzmar'.
