

NEW SECTION

WAC 480-90-193 Notice to the public of tariff changes. (1) Except as to variations between the prescribed maximum and minimum rates in banded tariffs previously authorized by the commission, every utility desiring to change, modify, cancel or annul any rate, must place on file the tariff containing such modification or change at its listed business offices in the territory affected thereby for a period of at least thirty days prior to the expiration of statutory notice in connection therewith. A notice, coincident with or immediately prior to the date of such filing, that such tariff is on file at said offices shall be posted at the cashier's windows or other places where the customers pay their bills at the aforesaid offices. Said posted notice shall give anyone viewing same a brief summary as to the content of the tariff; state that the tariff is being submitted to the Washington utilities and transportation commission at Olympia; indicate the inserted effective date thereof; and relate that a copy of the tariff is available for inspection.

(2) If there is no listed business office in the territory to be affected by a tariff proposal subject to this notification but there is a payment agency therein, posted notice with the same content and timing as set forth above shall be employed at each such agency which notice, in addition thereto, shall give the name, address and telephone number of the nearest listed business office responsible for that service area at which such tariff may be examined in person without assigning any reason therefor.

(3) In lieu of the above posted notice, insofar as payment agencies are concerned, the utility may stamp or print on each bill or envelope in which such bill is mailed, enclose therewith or separately mail, with the same content as set forth above with respect to the posted notice in payment agencies and at the earliest practicable date subsequent to filing, a notice to each subscriber to be affected by the tariff proposal. Commencing ninety days or earlier from July 31, 1959, the latter procedure must be followed in those instances where a utility does not have a listed business office or a payment agency in the service area where notice, as set forth above, could otherwise be employed in a service area subject to a tariff proposal falling within this notification procedure.

(4) Whenever the alternative provision is chosen or must be used, the utility shall use such other adequate and appropriate means of notification, on or by the filing date, that will reasonably insure notice to the public of tariff revisions proposed and the effect on the public in the service area or areas involved. Such other notification may include personal contacts, letters or mailing pieces, newspaper articles or advertisements and radio and television announcements.

(5) The commission may require such other notification to the public as may be necessary in any particular case of tariff filing: Provided, That where a tariff or a part of a tariff is filed involving no increase in charges to its patrons; where the users to be affected by a tariff change are so few in number the utility chooses to advise each by direct mail or contact; or where there is no one to be affected by the tariff proposal, the utility may forego posting of notice relative thereto and will not be required to have a copy of the proposed tariff available for inspection.

(6) The inserted effective date, unless otherwise directed, shall be a date not less than thirty days after the date the commission receives the tariff. Also, if the commission permits the tariff to become effective

without statutory notice, the period of notice to the public shall still be for at least thirty days after the date the commission receives the tariff.

REPEALER

The following section of the Washington Administrative Code is repealed:

WAC 480-90-061

Contract for service.
