Subject: PSE Proposed Rate Increases

[EXTERNAL]

Hello.

I'm writing to request a firm denial of the proposed PSE rate increases.

Members of our family live with chronic illness, and while we are blessed to receive income through SSDI, it is certainly not enough to cover these rising costs. Our current energy bill is over \$500/month, and we don't currently qualify for any of PSE's low income assistance. These increases will affect our ability to safely meet life threatening health care needs. (And as there are no other options for acquiring electricity, we are at their mercy.)

Thank you for lending your support to Washingtonians who would otherwise have no voice.
