**Part B Requirements and/or Recommendations**

**1. DRIVER FITNESS BASIC PROCESS BREAKDOWN: Policies and Procedures**

DESCRIPTION OF PROCESS BREAKDOWN: Professional Transportation Inc. has failed to obtain and maintain required documentation regarding medical certificates in all drivers files.

**BASIC SPECIFIC RECOMMENDED REMEDIES**

Implement Safety Improvement Practices: The following are recommended practices related to Policies and Procedures.

- Develop a policy for the periodic review (at least twice per year) of driver qualification files. The motor carrier should not rely on third-party sources, such as insurance agencies. The procedure should include controls to ensure that documents requiring renewals are in place, to remind drivers of expiration dates on medical certificates, so they can schedule another physical examination in advance, and to prevent falsification of documents related to driver qualification.
- Establish a policy requiring drivers to submit copies of all vehicle and roadside inspections and moving violations to carrier management within 24 hours, and to notify management of suspended or revoked Commercial Driver's Licenses (CDLs) immediately following notification of suspension/revocation.
- Establish a policy requiring all new (since 2003) Commercial Driver's License (CDL) drivers to submit documentation of entry-level driver training in - for example, driver qualification requirements, Hours of Service (HOS), driver wellness, and whistleblower protection - or to take entry-level training provided by the carrier.
- Develop a policy for document retention and recordkeeping, including documents that are to be in the possession of the driver as proof of credentials.
- Develop a process to ensure that operations will always have the proper amount of fit drivers. This process would address how to deal with issues such as sick leave, vacation, training, suspension, and termination.
- Develop a written and progressive disciplinary policy focused on taking corrective action to ensure drivers comply with regulations and policies. A progressive disciplinary policy could include, among other things, written warnings, suspensions, or work restrictions, monetary penalties, and termination. This policy should also specify consequences for any carrier official who knowingly and willfully allows Driver Fitness Violations.

**Seek Out Resources:**

- You are encouraged to review your company's record at the following website: <http://ai.fmcsa.dot.gov/SMS>. You will need to use your PIN Number that has been provided by the FMCSA.
- Contact industry associations to get resources and ideas on safety improvement practices from other carriers in the industry

2. Ensure that all vehicles are inspected by a certified inspector prior to being placed into service and at least once annually thereafter. Maintain proof of the inspection in the vehicle maintenance file and on the vehicle.

3. Do not allow drivers to drive interstate unless they have been physically re-examined each 24 months. Maintain copies of medical certifications for 3 years.

4. After May 21, 2014 drivers are required to obtain medical certifications from a medical examiner listed on the National Registry of Certified Medical Examiners. Carriers are required to verify that the medical examiner is on the National Registry and place a note verifying this verification in the driver's DQ file.

5. • Understand Why Compliance Saves Time and Money: Compliance with FMCSRs will not only save lives, but also saves your business time and money. Tracking how much your business spends on non-compliance activities can help you understand the many benefits of compliance to your business and why safety is good business.

• Document and Follow Through on Action Plans: Document and follow through on action plans to ensure the actions you are taking are creating improvement in safety management and compliance.

• NOTICE: A pattern and/or repeated violations of the same or related acute or critical regulations (violations of the same Part in Title 49, Code of Federal Regulations) will cause the maximum penalties allowed by

law to be assessed under Section 222 of the Motor Carrier Safety Improvement Act of 1999 (MCSIA). A pattern of violations means two or more violations of acute and/or critical regulations in three or more Parts of Title 49, Code of Federal Regulations discovered during any eligible investigation. Repeated violations means violation(s) of an acute regulation of the same Part of Title 49, Code of Federal Regulations discovered in an investigation after one or more closed enforcement actions within a six year period and/or violation(s) of a critical regulation in the same Part of Title 49, Code of Federal Regulations discovered in an investigation after two or more closed enforcement actions within a six year period.

- NOTICE: 49 CFR Part 391.23 requires prospective employers to, at a minimum, investigate a driver's employment information, crash record, and alcohol and controlled substances history from all employers the driver worked for within the previous 3 years.

The Pre-Employment Screening Program (PSP) is a screening tool that assists motor carriers in investigating crash history and roadside safety performance of prospective drivers. The PSP allows motor carriers to purchase 5 years of crash data and 3 years of roadside inspection data from the Federal Motor Carrier Safety Administration's (FMCSA) Motor Carrier Management Information System (MCMIS). Records are available 24 hours a day via Web request. Motor carriers should visit the following website for more information:  
<http://www.psp.fmcsa.dot.gov/Pages/default.aspx>

- All motor carriers and truck drivers are needed to fight against terrorism and hijacking. You could be a target. Protect yourself, your trucks, your cargo, and your facilities. Discuss with your employees/drivers the "Security Measures for Truck Drivers and Companies" which were provided and reviewed with motor carrier official. Motor carriers should visit the following website for more information:

The carrier was also notified of RCW 46.16A.160 and the requirement that vehicles be licensed in Washington state if there is no reciprocity agreement between states. Washington DOL does not have a reciprocity agreement with Indiana.

Part 391 Qualification of Drivers

The carrier employed 340 active drivers in Washington State at the beginning of this review. Per eFOTM guidelines, a sample size of fifty Driver's Qualification Files should be inspected. As this is a very Focused Review, only fifty medical certificates were investigated.

The carrier provided the user name and password for their computerized tracking database "Fleetmentor" in order for medical card information to be looked up and reviewed.

All driver files were checked for current medical certificates at the start of the review. Six drivers were found to not have medical cards on file or had someone else's card uploaded in their file. The carrier located four of the missing certificates and uploaded them and they were subsequently verified as being current. The carrier did not locate or upload current medical files for two drivers and driving dates were discovered for one of those drivers. This is a violation of 391.45(a)

Driver Brian Cozad drove on 5/30/2015, 5/31/2015, 6/1/2015, 6/2/2015, 6/5/2015, 6/6/2015, 6/7/2015, 6/8/2015, 6/9/2015, 6/12/2015, 6/13/2015, 6/14/2015, 6/15/2015, 6/16/2015, 6/19/2015, 6/20/2015, 6/21/2015, 6/22/2015, 6/23/2015, 6/26/2015, 6/27/2015, 6/28/2015, 6/29/2015, 6/30/2015, 8/30/2015, 9/1/2015, 9/4/2015, 9/5/2015, 9/6/2015, 9/7/2015, 9/12/2015, 9/13/2015, 9/14/2015, 9/18/2015, 9/20/2015 and 9/21/2015 for a total of 36 days.

**Part C**

The carrier failed to place a note related to the verification that the medical examiner used by a driver was listed on the National Registry. This is fifty violations of 391.51(b)(9)

When questioned about maintaining previous medical cards on file, Mr. Vincent stated "so none of these drivers will have previous medical cards as we just started getting them last December" (2014).

It was discovered during the inspection that 39 drivers obtained their medical cards from June 12, 2015 through December 29, 2015 and previous cards should have been maintained on file since the carrier stated compliance began in December 2014. Those drivers are Brian Lockhart, Michael Morrissey, Troy Brooks, Dale Eidson, James Allen, Alison Meyn, Darla Freepons, Patricia Freeman, Kevin Bolt, Jason Kniffen, Robert Brockman, Benjamin Schwartz, James Felix, Richard Hoyer, Kenneth Boivin, Patricia Duncan, Edwin Axton, Jennie Closson, Bradford Ensley, Glenda Peck, Peter Roth, Mary Brown, Francis Day, Allan Dais, Alaina Brunner Iverson, David Mock Jr., Reginald Smith, Charles Miller, Carey Chunn, Debra Boydston, Richard O Boyle, Harold Richardson, Fred Anderson, Mark Forbes, Curtis Enlow, Glen Schweigert, Bryan Sands, Michael Healy and John Hanna Jr.. Records show only 11 of those drivers being used prior to obtaining current medical cards resulting in 11 violations of 391.51(b)(7).

**Part 392 - Driving of Commercial Motor Vehicles**

Professional Transportation Inc. is an intra/interstate carrier and at the time of this investigation the carrier is current on its annual regulatory fees.

**Part 395 - Hours of Service**

This is a focused review, this part was not checked.

**Part 393 & 396 - Maintenance and Inspection**

At the beginning of this review I was in telephonic contact with Jason Massey who indicated he was the Fleet Manager for PTI in Washington. He was asking about the specifics of the annual inspection and where he could go to get his vehicles inspected.

Mr. Vincent stated to me in an email that "I am certain what we have been considering an inspection is not what is required by WUTC." and failed to provide copies of any completed vehicle inspections.

This is 114 violations of 396.17(a).

**CLOSING INTERVIEW:**

The closing interview was conducted on 3/2/16 via telephone and in person. Present at the closing interview was Investigator Gagne and company representative Wenatchee WA Branch Administrator Dale McKenzie. Mr. McKenzie provided documentation that PTI leases rather than owns its equipment and also provided a copy of a current annual inspection on one of his vehicles. Bobby T. Vincent was contacted via telephone after finishing with Mr McKenzie. Mr. Vincent was very engaged in the closing and indicated a willingness to come into compliance. He stated his vehicles should all have current annual inspections completed in the next couple of weeks. This investigation was not rated. The carrier was advised that the commission will be considering administrative penalties.

**DOCUMENTS PROVIDED TO THE CARRIER:**

The carrier was provided with both electronic and printed copies of the completed CAPRI report (parts A, B and recommendations) and "Your Guide to Achieving a Satisfactory Safety Record, Revised March 2014" with the updated pages.

**FOLLOW-ON ACTION:**

Hello Ms. Gagne . Kevin Irish is not assigned to Washington so that's correct. The HOS report we use does show Drive Time but in our system this is referred to as

I will run the report tomorrow provide driving time documentation for Thomas Barton, Brian Cozad and James Smith. I also understand you are not interested in our DYV drivers as they primarily operate in rail yards .

I am meeting with PTI's Fleet team tomorrow . However, I am certain what we have been considering an inspection is not what is required by WUTC. I will confirm this tomorrow and make immediate adjustments .

I am placing a high priority. these request a high priority hope to have all completed by Friday.

Good morning.

Just finishing up with medical certifications. The HOS for Kevin Irish didn't show he drove in WA. Is this correct? Also, the HOS service records do show actual DRIVING time correct?

I will also need Hours of Service Records documenting any driving time from May 1, 2015 to October 31, 2015 for the following drivers; Thomas Barton, Brian Cozad and James Smith (think we missed him in your first response).

Drivers who do not and have not driven on public roads should not be included in the list of drivers provided as we are only interested in those who drive on public roads.

Are you able to provide current annual inspections for the vehicles that are used in WA? I have been asked to obtain that information as well.

Thank you and your expedited attention would be appreciated.
