Re: General Fare Increase – Docket TC-161270

Dear Mr, Wyles:

On December 6, 2016, BML Investments, LLC (BML), filed with the Washington Utilities and Transportation Commission (commission) a general rate increase filing. This filing was docketed under Docket TC-161270.

The filing did not include information required by WAC 480-30-426, *Tariffs, general rate increase filings, work papers*. Specifically, the filing did not include a detailed pro forma income statement separated by regulated and non-regulated accounts, restating or pro forma adjustments and their supporting calculations, current depreciation schedule, or any backup information for affiliate transactions between the regulated company and any affiliate, parent, or subsidiary entity.

Under WAC 480-07-141, the commission may reject a filing if its insufficient or defective. Therefore, BML's request filed on December 6, 2016, is rejected in its entirety due to the aforementioned reasons. BML may submit another filing if the company remedies the deficiencies discussed in this letter.

If you have any questions regarding this letter, please contact Mike Young at myoung@utc.wa.gov or 360 664-1155.

Sincerely,

Steven V. King
Executive Director and Secretary
