Mr. Steve Harrington, President
H&R Waterworks
P.O. Box 3
East Olympia, WA 98540-0003

Dear Steve:

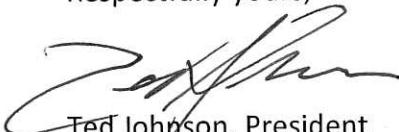

I wanted to thank you for your presentation at our Annual Meeting on Sunday October 25. It was very informative and helpful. I think most of us gained a great deal from what you presented as well as the opportunity to ask pertinent questions.

We hope you will continue to pursue another water right as it appears the original plan was insufficient for the structure of Castlerock Estates. I do think we need to work on being more conservative, including myself, as I looked at my own water consumption this past ten months.

One thing remains a problem, those who consistently use high volumes of water and finding some way to urge their restraint. The argument that they pay for it is only partially valid as their level of consumption affects the total for the whole development. Any help with this would be appreciated.

Again, thanks for joining us. Please keep us informed of any new information.

Respectfully yours,

Ted Johnson, President
Castlerock Estates HOA
