other sites are offering for similar products is a good way to see if this is your best bet. Of course, there are advantages to Facebook Marketplace that other sites won't have, so if you're intent on buying through Facebook, consider asking the seller to honor the price of the product you found elsewhere to salvage both the deal and your sanity.

PSA: You Don't Have to Accept a Seller's Friend Request to Buy From Them

You can message back and forth with people you're not Facebook friends with through the messenger app. You do not have to be their Facebook friend. You do not have to give them your phone number. If a seller is asking that you friend them, proceed with caution.

Just Like with Craigslist, Don't Wire Transfer for Purchases

This is pretty straightforward: if you're making a purchase on Facebook Marketplace, don't wire transfer the payment. Some safer alternatives:

- [Paying through Facebook Messenger](#)
- [PayPal](#)
- [Venmo](#)
- [Square Cash](#)

Whichever payment method you choose, make sure you're getting your item before paying – otherwise, your money is as good as gone.

Buying and selling on Facebook marketplace may feel unfamiliar now, but in the future, it could be the easiest way to buy and sell. Make sure you have all the right tips and tools to help you out – including [Dolly](#). We'll bring you the [truck and muscle](#) you need to deliver your big items – and with us as your delivery option, you'll sell on Facebook even faster. Check out [our Facebook reviews](#) to learn why we're trusted with [Facebook Marketplace deliveries](#) every day.

Eddie and helper were great. There were some tight areas and they had to remove parts which they put back on when it was put into position. All in all I was very satisfied and would use Eddie and Dolly again.

The Basement and Attic are No-Gos

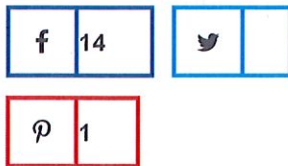

Even if you're tight on storage space, do not be tempted to put your clothes in the basement or attic—anywhere extreme temperatures or moisture could permanently damage your items.

If you simply do not have the space, consider the value of a small external, climate-controlled storage unit. Many closet-sized units run about \$20 bucks a month—less than the cost of replacing an item damaged through improper storage. And if you don't have a big car, or any car at all, [Get Dolly](#). We specialize in small, local, and [affordable storage moves](#) that make moving items like seasonal wardrobes a no-brainer.

Find out the cost of your Dolly upfront before you book—no surprises! Pay, tip, and review in the app or [online](#).

Save Time & Your Back

No need to rent a truck from U-Haul where you haul everything on your own. Dolly Helpers do the driving and heavy lifting for you.

Dolly is your go-to source for finding [local moving and delivery help](#). We connect vetted pick-up truck owners with people who need help moving large, heavy, or bulky items. Dolly is a fast, easy, and affordable way to get help moving furniture between apartments, pick up that exercise gear on Craigslist or to get stuff home from stores like Lowe's, Crate & Barrel & IKEA.

The screenshot shows the Dolly website interface for estimating moving costs. The browser address bar displays "https://dolly.com/cities-seattle/". The navigation menu includes "Services", "Cities", "Partners", "Helpers", "FAQ", "Blog", "Log In", and a red "BOOK A DOLLY" button. The main content area features the heading "Estimate Your Moving Costs" and a sub-heading "Simply enter your pickup and drop-off location and the number of items you plan to move. This is an estimated price and is subject to change when adding more items, details, and options." The form includes three input fields: "Pick-up Location" with the value "1400 Fones Rd SE, Olympia, WA 98501", "Drop-off Location" with "1910 Evergreen Park Dr SW, Olympia, WA 98502", and "Number of Items" with "5". A "GET ESTIMATE" button is positioned to the right of the "Number of Items" field. Below the form is a large red "BOOK A DOLLY" button. At the bottom of the page, the text "Find Moving Services Around the Seattle Metro Area" is visible.

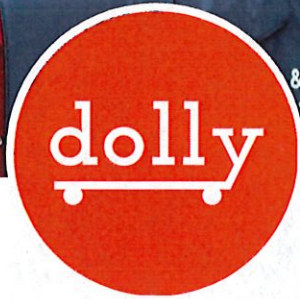

This screenshot is identical to the one above, showing the Dolly website's cost estimation form. The form fields and buttons are the same. The primary difference is the addition of a price range, "\$130-\$160", displayed prominently below the "GET ESTIMATE" button. The rest of the page layout, including the navigation menu and the "BOOK A DOLLY" button, remains unchanged.
