Olympia, WA 98502-7250

**Re: Qwest Complaint re: VNXX
Docket No. UT-063038**

Dear Judge Mace:

This is to notify everyone that ATI will not be filing responsive testimony in this matter on February 2, 2007. Because the amount of VNXX traffic that is alleged to be carried by ATI is relatively small, and due to the press of other business, ATI has decided not to expend the resources necessary to present witnesses. ATI continues to oppose Qwest's Complaint as expressed in ATI's Answer, filed on June 26, 2006, and will continue to participate in the hearings and briefing of the case.

Sincerely,

/s/ Dennis D. Ahlers
