Dear WUTC Commissioners,

I am a user of Whidbey SeaTac Shuttle and I do not understand why you are going after them and every other shuttle company in the state. I fear that your current path of removing the up and down adjustments by fuel surcharges will lead to higher fares that I will have to pay or even more fearful is a reduction in service frequency. The shuttle is an integral part of my visits here on the Island and has provided quality, reliable service to everyone over the years. I urge you to re-consider your attempt to remove fuel surcharges in these hard times and do what Governor Gregoire mandated and not mess with these small businesses and the residents of Washington State.

Sincerely,

Margie Taylor
