RE: *Washington Utilities and Transp. Comm'n v. Pacific Power and Light Company*
Docket UE-161204

Dear Mr. King:

Enclosed for filing in the above-referenced docket are the original and five copies of redline and clean versions of the Revised Testimony of David J. Panco, DJP-1T, and Certificate of Service.

While double checking the calculations used to produce the data supporting the testimony on page 14 of Exhibit DJP-1T, Mr. Panco discovered that he failed to include a single irrigation account in the tally of lost customers. He also discovered he had incorrectly labeled one of the axes of the graph visually representing the lost-customer data. The enclosed page of revised testimony corrects those errors.

The enclosures are not to be construed as testimony or evidence until such time as they are received into the record at hearing. Accordingly, we reserve the right to make revisions or additions to them as may become necessary prior to the time that the witness presents his testimony.

Sincerely,

/s/ Jeff Roberson, WSBA No. 45550
