- 2 **Nature of Proceeding.** Docket No. TV-051478 involves the issuance of a Penalty Assessment by the Washington Utilities and Transportation Commission (Commission) against Neighbors Moving & Storage of Seattle, LLC. (Neighbors Moving & Storage) in the amount of \$42,475.00, alleging 574 violations of Commission rules and household goods tariff, specifically, WAC 480-15 and Commission Tariff 15-A.

- 7 In addition, the Settlement Agreement provides that the \$23,343.75 will be paid in six monthly installments beginning the first day of the first month after the Commission issues its order approving the Agreement, in \$3,890.63 installments, with a sixth and final installment of \$3,890.60.⁴
- 8 Neighbors Moving and Storage also agrees to comply with all applicable Commission rules and statutes in the future.⁵
- 9 The narrative filed in support of the settlement states that adoption of the settlement will avoid the expense, inconvenience, uncertainty, and delay associated with litigation and will serve the public interest.⁶
- 10 **Discussion and decision.** The Commission regulates companies that move household goods under a public interest standard.⁷ The Commission's rules express support for parties' efforts to resolve disputes without the need for contested hearings when doing so is lawful and consistent with the public interest.⁸ The parties in this proceeding have resolved all of the disputed issues in this penalty assessment case, their resolution complies with Commission rules and will avoid unnecessary expense and use of human resources connected with full litigation of the matter. Because the settlement agreement includes, among other things, acknowledgement by Neighbors Moving & Storage of law violations and acceptance of appropriate penalties, we find that the Agreement serves the public interest and should be approved.
