.....	)	

**BACKGROUND**

- 1 On June 19, 2012, Rabanco Ltd., d/b/a Lynnwood Disposal (Lynnwood or Company), filed a request that the Washington Utilities and Transportation Commission (Commission) allow it to retain up to 36 percent of the revenue received from the sale of recyclable materials during the 2012-13 recycling plan period. The Company serves approximately 17,000 customers in Snohomish County (County).
  
- 2 The Company’s 2012-13 budget included an incentive payment of \$9,048, five percent of planned expenditures. The proposed incentive was not conditioned upon or tied to achieving any performance goals or objectives. At its July 27, 2012, open meeting, the Commission disallowed the financial incentive but allowed revenue sharing to proceed on a temporary basis subject to revision.<sup>1</sup> The Company was required to make a compliance filing by August 17, 2012, specifying performance criteria and conditions to be met by the Company, at the end of the plan period, in order to be eligible for award of the incentive included in its Commodity Revenue Share Enhancement Plan (Plan) with the County.
  
- 3 On August 17, 2012, the Company filed with the Commission an addendum to its Plan with the County, specifying performance criteria and conditions to be met by the Company at the end of the plan period, in order to be eligible for award of the incentive.
  
- 4 At the end of the Plan period, to be eligible for the five percent total incentive, the Company will have to demonstrate to the County that diversion rates have increased from

<sup>1</sup> Order 01, TG-121060

the previous plan year's measures. Additionally, eligibility for award of an incentive will be determined by Commission and County satisfaction that expenditures of revenue sharing funds by the Company are consistent with the Plan activities and budgets.

- 5 The Addendum to the Plan is signed by Matthew Zybas, Solid Waste Director, Snohomish County Public Works, who also certified that the Company's Plan is consistent with the County's Comprehensive Solid Waste Management Plan. The County recommends that the commission allow Lynnwood to retain up to 36 percent of the actual value of recyclable commodity revenues received from August 1, 2012, through July 31, 2013, the period of the agreement.
- 6 Staff recommends that the Commission grant Lynnwood's request to retain up to 36 percent of the recyclable commodity revenue collected during the period of the plan, August 1, 2012, to July 31, 2013, on a permanent basis.

#### **FINDINGS AND CONCLUSIONS**

- 7 (1) The Washington Utilities and Transportation Commission is an agency of the State of Washington vested by statute with the authority to regulate the rates, rules, regulations, practices, accounts and affiliated interests of public service companies, including solid waste companies. RCW 80.01.040, RCW 81.01, RCW 81.04, RCW 81.16, RCW 81.28 and RCW 81.77.
- 8 (2) This matter came before the Commission at its regularly scheduled open meeting on August 30, 2012.
- 9 (3) Lynnwood is engaged in the business of providing solid waste services within the state of Washington and is a public service company subject to Commission jurisdiction.
- 10 (4) RCW 81.77.185 states that the Commission shall allow a solid waste collection company collecting recyclable materials to retain up to fifty percent of the revenue paid to the company for the material if the company submits a plan to the Commission that is certified by the appropriate local government authority as being consistent with the local government solid waste plan and that demonstrates how the revenues will be used to increase recycling. The remaining revenue shall be passed to residential customers.

- 11 (5) Snohomish County is responsible for managing waste through its Comprehensive Solid Waste Management Plan. The Solid Waste Director, Snohomish County Public Works certified that Lynnwood's recycling plan is consistent with the County's Comprehensive Solid Waste Management Plan.
- 12 (6) Included as part of Lynnwood's Plan with the County is a provision for an incentive payment of five percent, or \$9,048, of planned expenditures of \$180,965. Addendum 1 of the Plan, filed on August 17, 2012, in compliance with Order 01, conditions the award of the incentive on achieving specific performance goals.
- 13 (7) After reviewing Lynnwood's request to retain up to 36 percent of the revenue it receives from the sale of recyclable materials collected in its single family and multi-family residential recycling programs from August 1, 2012, to July 31, 2013, and giving due consideration, the Commission finds Lynnwood's request should be granted, on a permanent basis.

**ORDER**

**THE COMMISSION ORDERS:**

- 14 (1) Rabanco Ltd., d/b/a Lynnwood Disposal is authorized to retain up to 36 percent of the revenue it receives from the sale of recyclable materials collected in its single family and multi-family residential recycling programs from August 1, 2012, to July 31, 2013, on a permanent basis.
- 15 (2) Rabanco Ltd., d/b/a Lynnwood Disposal, will report to the Commission no later than June 17, 2013, the amount of revenue it retained, the amount of money it spent on the activities identified in Rabanco Ltd., d/b/a Lynnwood Disposal's recycling plan and the effect the activities had on increasing recycling.
- 16 (3) Rabanco Ltd., d/b/a Lynnwood Disposal, shall make its next revenue sharing plan and commodity adjustment effective August 1, 2013, and each August 1 thereafter, and shall make all future revenue sharing plans and commodity adjustment filings forty-five days prior to the proposed effective date.

- 17 (4) The Commission delegates to the Secretary the authority to approve by letter all compliance filings required in this Order.
- 18 (5) The Commission retains jurisdiction over the subject matter and Rabanco Ltd., d/b/a Lynnwood Disposal, to effectuate the provisions of this Order.

The Commissioners, having determined this Order to be consistent with the public interest, directed the Secretary to enter this Order.

DATED at Olympia, Washington, and effective August 30, 2012.

WASHINGTON UTILITIES AND TRANSPORTATION COMMISSION

DAVID W. DANNER, Executive Director and Secretary
