

**BEFORE THE WASHINGTON
UTILITIES AND TRANSPORTATION COMMISSION**

In the Matter of

NORTHWEST NATURAL GAS
COMPANY

Application for Approval of Corporate
Reorganization to Create a Holding
Company.

DOCKET NO. UG-170094

**SUPPLEMENT TO THE
APPLICATION OF NORTHWEST
NATURAL GAS COMPANY**

I. INTRODUCTION

1 On February 10, 2017, Northwest Natural Gas Company (“NW Natural” or
“Company”) filed its application (“Application”) requesting approval from the
Washington Utilities and Transportation Commission (“Commission”) to implement a
corporate reorganization that will result in a holding company structure
 (“Reorganization”). NW Natural files this Supplement to the Application
 (“Supplement”) to replace the commitments included in the Application with an updated
 set of commitments.

II. DISCUSSION

2 In its Application, NW Natural included 15 proposed commitments to satisfy the
 net benefits standard and ensure that the Reorganization is consistent with the public
 interest. Since filing its Application, NW Natural has agreed to expand the list of
 commitments to include 41 distinct commitments, which are included with this filing as
 Attachment 1.

3 NW Natural hereby supplements its Application by replacing the initial list of 15
 commitments with the expanded list of 41 commitments in Attachment 1.

III. CONCLUSION

4 NW Natural requests that the Commission approve its proposed Reorganization. The direct benefits resulting from the Reorganization, coupled with the extensive commitments set forth in this Supplement, ensure that customers will receive net benefits from the Reorganization and that the public interest will be served.

Respectfully submitted this 21st day of December, 2017.
