AVAILABLE:

To Rate Schedules 3, 41, 42 and 43 Customers in all territory served by the Company under the Tariff of which this Schedule is a part. Customer-Owned Gas transported under this Schedule is subject to Entitlement, Curtailment and Pre-emption. (C)

SERVICE DESCRIPTION:

Service under this schedule applies to the Transportation of Customer-Owned Gas supplies under applicable Rate Schedules or special contracts. Service under this schedule does not include the use of Company's gas supplies, except as provided under the emergency conditions of SCHEDULE 54, and does not apply to gas produced or stored within Company's service territory and/or transported by an intrastate pipeline or gathering system connected to Company's system. Customer-Owned Gas supplies must meet the gas quality specifications set forth in RULE 11 of this Tariff.

The Transportation of Customer-Owned Gas is governed by the terms of this Schedule, the applicable Rate Schedule, the Company's Nomination, Balancing and other operating procedures, as modified from time to time, and by the written Service Agreement between the Company and Customer. Any modifications to these documents will be made available to Customers as soon as practicable as they occur. (D)

The Receipt Point for Customer-Owned Gas supplies shall be designated by the Company. If reasonably feasible, Company will accommodate a Customer's request to use a Receipt Point other than that designated by the Company. Transportation Customers shall hold the Company harmless from any damage caused by failure of Customer-Owned Gas supplies to arrive at the Company's Receipt Point.

TERM OF SERVICE:

The minimum term for the Transportation of Customer-Owned Gas supplies is one (1) Year. At the end of the minimum term, Transportation Service shall continue on a month to month basis thereafter until terminated by Customer, or until otherwise terminated under the Rules of this Tariff. Any Termination of Service under this Schedule must comply with RULE 20. Upon termination of Transportation Service, any Imbalances in gas receipts and deliveries will be cleared in accordance with the Balancing Provisions of this Schedule (C)

PRE-REQUISITES TO SERVICE:

Customers must first meet all of the terms and conditions of their existing Service Agreement.

Customers must have the capability to receive notices via automatic electronic means acceptable by the Company. Customers must provide active and continuous telephone service to all meters to be used for billing purposes. The Company may require the installation of telemetry equipment at the Customer's Premise, subject to charges set forth in SCHEDULE 10.

Customers must have secured the purchase and delivery of gas supplies, which may include supplies secured from a Marketer/Supplier of their choosing.
