

NOTIFICATION

On Saturday morning, January 25, 2003, at 3:30 a.m., Qwest experienced a computer worm, which impacted access to its systems. Qwest is currently working to assess the issue fully and to determine the impacts to its computer systems.

Pursuant to SGAT §5.7, and QPAP § 13.3, Qwest is providing notification of this Force Majeure event to the extent any delay or failure in performance was caused by these circumstances.
