**Comments:**

I am a weekly user of Whidbey SeaTac Shuttle commuting to a job out of state (since I can't seem to locate any employment in state) and I do not understand your position on not allowing the Shuttle Service to recoup rising fuel prices - completely out of their control. The shuttle is an essential part of our transportation infrastructure here on Whidbey Island. I have found this service to be of high quality and it has not raised prices in years. Fuel surcharges have permitted them to provide me with a stable fare in an economy that is so unfortunately challenging for so many including me and my family. It directly affects the expense of my commuting to work. I respectfully request that you reconsider your position and allow this Shuttle service to continue to provide me great service at a fair and reasonable price.

Thank-you in advance for your sincere consideration for this small and essential business in our community.
