RE: *Washington Utilities and Transportation Commission v. Puget Sound Energy*
Advice No. 2025-25
Dockets UE-240004, UG-240005, and UE-230810 (Consolidated)

Dear Jeff Killip:

On March 17, 2025, the Washington Utilities and Transportation Commission (Commission) entered Order 11/09 in the above-referenced docket. On March 21, 2025, the Commission issued a Notice of Clarification authorizing Puget Sound Energy (PSE or Company) to make a compliance filing to implement the Targeted Electrification Pilot Phase II consistent with Order 11/09 and that Notice of Clarification.

The Company was directed to separately assign and control Targeted Electrification Pilot Phase II costs of \$22.3 million (before revenue-sensitive items) and charges to customers, with \$11.7 million for natural gas customers, evenly allocating costs between gas and electric customers.¹

On April 7, 2025, PSE filed with the Commission its Advice No. 2025-25, and also provided supporting workpapers.

¹ Order Denying PSE's Petition of Reconsideration; Denying Nucor's petition of Reconsideration in Part and Granting in Part; Denying JEA's petition for Reconsideration and Clarification in Part and Granting in Part; and Granting AWEC and TEP's Petition for Clarification (Order 11/09) in consolidated Dockets UE-240004, UG-240005, and UE-230810, p. 19, ¶ 55.

Commission Staff (Staff) reviewed the compliance filing dated April 9, 2025, provided by the Company. Staff believes that the filing complies with the Commission's Order 11/09, entered March 17, 2025, and its Notice of Clarification of March 21, 2025.

Sincerely,

David Panco
Regulatory Analyst
