A review of the Revenue Requirements Brief of Commission Staff reveals two corrections which need to be made:

1. On pages 1 and 60, the Company's revenue surplus is stated to be \$86,973,416. This amount should be \$97,005,643. The corrected amount includes Staff's recommended quality of service adjustments, which affect the calculation as follows: (a) the rate of return is calculated at 9.42 percent, the lower end of the range recommended by Staff, rather than the midpoint of 9.61 percent that was used to calculate the original figure; (b) Staff's recommended disallowance or deferral of management salary increases is included in the corrected calculation; and (c) the imputed Yellow Pages revenues increase slightly (see Rev. Req. Brief of Commission Staff, p. 2, n.2). The \$97,005,643 figure is arrived at using the methodology set forth in Exhibit 732-C (MLT-25, p. 2).

2. On page 22, lines 16-19, two exhibit references should be changed. The reference to "Ex. 674-C, worksheet 3" should be changed to "Ex. 663-C, calculated by dividing overtime by the total of corporate salaries allocated, administrative services, accrued sick leave, and wages/salaries and paid absence (basic and other)." The reference to "Ex. 674-C, worksheet 2" should be changed to "Ex. 664-C".
