**Re: Addendum to Puget Sound Energy 2021 Transportation Electrification Plan  
Docket UE-210191**

Dear Mr. Johnson:

PSE filed its Transportation Electrification Plan (“TEP”) on March 19, 2021, consistent with RCW 80.28.365. PSE intends for its attached Addendum to the TEP to provide refinements to the TEP resulting from its recent learnings and ongoing engagement with Commission Staff and other stakeholders. Specifically, the Addendum provides additional details about (1) stakeholder engagement, (2) PSE’s filing strategy, (3) initial program concepts, (4) load management and alternative rate design options, (5) system planning and optimization, (6) data management and analysis, and (7) reporting.

Please contact Paul Gardner at (425) 456-2787 or [paul.gardner@pse.com](mailto:paul.gardner@pse.com), or Malcolm McCulloch at (425) 456-2785 or [malcolm.mcculloch@pse.com](mailto:malcolm.mcculloch@pse.com) for additional information about this filing. If you have any other questions, please contact me at (425) 456-2142.

Sincerely,
