RE: Electric and Natural Gas Decoupling Mechanism Quarterly Report

Attached for filing with the Commission is an electronic copy of the Electric and Natural Gas Decoupling Mechanism Quarterly Report.

The report consists of spreadsheets showing the monthly revenue deferral calculations for January, February, and March 2022.

Also included in the report are the monthly general ledger balances resulting from the deferral and amortization activity during the 1st quarter of 2022.

Additionally, this report includes annual reporting on new customers excluded from the mechanism and the proportion of annual decoupled revenue attributable to weather under a variety of moving average weather normalization assumptions.

Questions regarding this filing should be directed to Joel Anderson at (509) 495-2811.

Sincerely,

/s/ Joe Miller
