Skyler,

Good morning, I wanted to reach out and see how things are going today. Was the project started as planned today? Do we need to schedule any dump and returns for you yet? Please get in touch with me either via email or phone so we can work out a schedule if needed.

Thank you,

Kris,

The plant start-up has been pushed back to tomorrow or possibly Wednesday due to a few road blocks that needed to be addressed.

I appreciate you checking in. I will keep you updated on the plant start up date and our waste disposal needs.

Have a great day!

Skyler

Subject: dumpsters hauling

Charlie / Kris

Wanted to let you know that Kasey has communicated they are filling dumpsters so I would like for BDI to start making runs to haul the filled dumpsters. As you recall during our conversations, we expect to be filling anywhere from 6 – 8 dumpsters per day so we need you guys to remove those and bring empties. Now would be a good time to start that process.
Let me know your thinking and when we can expect to start seeing a flow of dumpsters.

Thanks.
