ORDER 05

GRANTING MOTION OF THE
ENERGY PROJECT FOR LEAVE
TO REVISE TESTIMONY

MEMORANDUM

- 1 On January 13, 2017, Puget Sound Energy (PSE or Company) filed with the Washington Utilities and Transportation Commission (Commission) revisions to its currently effective Tariffs for electric and natural gas services the Company provides in Washington. The effect of these filings would be to increase rates and charges for electric service and decrease rates and charges for natural gas service. The Commission suspended the as-filed tariffs and set the matters for hearing in Order 01 on January 19, 2017. In Order 03, the Commission, among other things, established a procedural schedule including dates for parties to file Supplemental testimony, Response testimony, Cross-Answering testimony, and Rebuttal testimony.
- 2 Commission staff (Staff) and other parties filed Response testimony on June 30, 2017, in accordance with the procedural schedule. Cross-Answering and Rebuttal testimonies were filed on August 9, 2017.
- 3 On July 31, 2017, The Energy Project filed a Motion for Leave to Revise Testimony (Motion). According to its Motion, The Energy Project agreed to file a revision to the testimony of Shawn M. Collins in response to a question received from Staff. A copy of the revised testimony was filed concurrently with the Motion.
- 4 The Motion asserts that counsel for PSE, Staff, and Public Counsel authorized The Energy Project to convey to the Commission that they have no objection to the revised testimony. No objections or responses to the Motion or revised testimony were filed by any party within the required timeframe. Accordingly, the Commission finds good cause to grant the Motion.

5 **THE COMMISSION GRANTS The Motion of the Energy Project for Leave to
Revise Testimony and accepts the revised testimony as filed on July 31, 2017.**

Dated at Olympia, Washington, and effective August 11, 2017.
