PSE will submit, by April 12, 2020, its initial 2020 Qualifying Event Report that summarizes the preliminary costs incurred as a result of repairing storm damage to PSE's electric system because of the January 13th event. In this report, PSE will indicate if the total restoration costs associated with the events meet the \$500,000 individual event threshold and, if so, the amount of the costs that apply toward the \$10 million cumulative annual threshold for 2020. The amount of storm restoration costs has been deferred if both event and annual thresholds are exceeded.
