

Washington Utilities and Transportation Commission v. Puget Sound Energy
DOCKETS UE-220066 , UG-220067 and UG-210918

PSE Errata to CLW-31T

Page / Location	Revision
Page 22 line 6	TEP used incorrect data to calculate rate impacts of PSE's proposal arrearages.
Page 23 line 2	If TEP's estimated rate impacts are incorrect, what are the correct estimated rate impacts of PSE's proposal arrearages?
Page 23 lines 3-6	The total arrearage balances for PSE's proposal as of October 31, 2023, for all customers with arrearages between \$150 and \$1,000 and for customers in special dunning procedure with arrearages above \$1,000, are approximately \$70 million ("Total Phase 2-5 arrearages") See Table 2 above.
