**BACKGROUND**

1 This matter comes before the Washington Utilities and Transportation Commission (Commission) for approval of a negotiated agreement for interconnection and the resale of specified exchange services (Agreement) under the Telecommunications Act of 1996 (Telecom Act). The Agreement is between Granite Telecommunications, LLC (Granite) and Qwest Corporation (Qwest). On September 30, 2003, the parties filed a joint request that Granite adopt Qwest’s Statement of Generally Available Terms (SGAT). The Commission is treating the proposed adoption as a fully negotiated agreement under Section 252 of the Telecom Act.

**FINDINGS AND CONCLUSIONS**

2 (1) The Commission is an agency of the State of Washington vested by statute with the authority to regulate public service companies, including telecommunications companies. *RCW 80.01.040; Chapter 80.04 and Chapter 80.36 RCW.*

- 3 (2) Section 252(e)(1) of the Telecom Act requires parties to a negotiated  
agreement to submit the agreement to the Commission for approval.  
Section 252(e)(2)(A) states that the Commission may only reject an  
agreement (or any portion thereof) adopted by negotiation if it finds that:
- 4 (i) the agreement (or any portion thereof) discriminates against a  
telecommunications carrier not a party to the agreement; or
- 5 (ii) the implementation of such agreement or portion is not consistent  
with the public interest, convenience, and necessity.
- 6 (3) Qwest is engaged in the business of furnishing telecommunications  
services including, but not limited to, basic local exchange service within  
the state of Washington.
- 7 (4) Granite is authorized to provide telecommunications services to the public  
in the state of Washington.
- 8 (5) On September 30, 2003, the parties filed a joint request that Granite adopt  
Qwest's SGAT. The Commission is treating the proposed adoption as a  
fully negotiated agreement under Section 252 of the Telecom Act.
- 9 (6) Granite and Qwest voluntarily negotiated the entire Agreement.
- 10 (7) The Agreement between Granite and Qwest was brought before the  
Commission at its regularly scheduled meeting on October 29, 2003.
- 11 (8) The Agreement does not discriminate against any other  
telecommunications carrier.

- 12 (9) The Agreement will facilitate local exchange competition in the state of Washington.
- 13 (10) The Agreement is consistent with the public interest, convenience, and necessity.
- 14 (11) The Agreement meets the requirements of Sections 251 and 252 of the Telecom Act, including Section 252(e).
- 15 (12) The laws and regulations of the State of Washington and Commission Orders govern the construction and interpretation of the Agreement. The Agreement is subject to the jurisdiction of the Commission.
- 16 (13) After examination of the proposed Agreement filed by Qwest and Granite on September 30, 2003, and giving consideration to all relevant matters, the Commission finds the proposed Agreement should be approved.

## ORDER

### THE COMMISSION ORDERS:

- 17 (1) The Agreement for interconnection and resale of services between Granite Telecommunications, LLC and Qwest Corporation, which the parties filed on September 30, 2003, is approved and effective as of the date of this Order.

- 19 (3) The laws and regulations of the State of Washington and Commission Orders govern the construction and interpretation of the Agreement. The Agreement is subject to the jurisdiction of the Commission.

The Commissioners, having determined this Order to be consistent with the public interest, directed the Secretary to enter this Order.

DATED at Olympia, Washington, and effective this 29th day of October, 2003.
