**BACKGROUND**

1 This matter comes before the Washington Utilities and Transportation Commission (Commission) for approval of a negotiated agreement for interconnection and the resale of specified exchange services (Agreement) under the Telecommunications Act of 1996 (Telecom Act). The Agreement is between Sprint Communications Company L.P. (Sprint) and Qwest Corporation (Qwest). On January 9, 2004, the parties filed a joint request that Sprint adopt Qwest’s Statement of Generally Available Terms (SGAT). The Commission is treating the proposed adoption as a fully negotiated agreement under Section 252 of the Telecom Act.

**FINDINGS AND CONCLUSIONS**

2 (1) The Commission is an agency of the State of Washington vested by statute with the authority to regulate public service companies, including telecommunications companies. *RCW 80.01.040; Chapter 80.04 and Chapter 80.36 RCW.*

- 3       (2)     Section 252(e)(1) of the Telecom Act requires parties to a negotiated  
          agreement to submit the agreement to the Commission for approval.  
          Section 252(e)(2)(A) states that the Commission may only reject an  
          agreement (or any portion thereof) adopted by negotiation if it finds that:
- 4               (i)     the agreement (or any portion thereof) discriminates against a  
                  telecommunications carrier not a party to the agreement; or
- 5               (ii)    the implementation of such agreement or portion is not consistent  
                  with the public interest, convenience, and necessity.
- 6       (3)     Qwest is engaged in the business of furnishing telecommunications  
          services including, but not limited to, basic local exchange service within  
          the state of Washington.
- 7       (4)     Sprint is authorized to provide telecommunications services to the public  
          in the state of Washington.
- 8       (5)     On January 9, 2004, the parties filed a joint request that Sprint adopt  
          Qwest's SGAT. The Commission is treating the proposed adoption as a  
          fully negotiated agreement under Section 252 of the Telecom Act.
- 9       (6)     Sprint and Qwest voluntarily negotiated the entire Agreement.
- 10      (7)     The Agreement between Sprint and Qwest was brought before the  
          Commission at its regularly scheduled meeting on February 11, 2004.
- 11      (8)     The Agreement does not discriminate against any other  
          telecommunications carrier.

- 12 (9) The Agreement will facilitate local exchange competition in the state of Washington.
- 13 (10) The Agreement is consistent with the public interest, convenience, and necessity.
- 14 (11) The Agreement meets the requirements of Sections 251 and 252 of the Telecom Act, including Section 252(e).
- 15 (12) The laws and regulations of the State of Washington and Commission Orders govern the construction and interpretation of the Agreement. The Agreement is subject to the jurisdiction of the Commission.
- 16 (13) After examination of the proposed Agreement filed by Qwest and Sprint on January 9, 2004, and giving consideration to all relevant matters, the Commission finds the proposed Agreement should be approved.

- 19 (3) The laws and regulations of the State of Washington and Commission Orders govern the construction and interpretation of the Agreement. The Agreement is subject to the jurisdiction of the Commission.
